

2012 BOND UNIVERSITY

---

# UNDERGRADUATE GUIDE

Everyone has expectations for their future ...

And success means different things to different people.

Some are happy to live from day to day.

Others - like yourself - want much more.

You think bigger. You want to move faster.

You want to go further.

You're determined to achieve something extraordinary.

At Bond University, we recognise your passion and  
fast-track your progress.

**BOND UNIVERSITY.  
WE SHARE YOUR AMBITION.  
WE BRING IT TO LIFE.**

## VICE-CHANCELLOR'S MESSAGE

### Your future starts here and now.

Choosing the right university is a vital decision and should reap you rewards for the rest of your life. It's an investment in your future, not only financially but also an investment of your time and effort. That's why it's so important to choose the right university for you.

At Bond University, we provide students with access to internships with Bond's corporate partners throughout Australia and around the world, the opportunity to learn under the direction of industry experts, leadership skills to build confidence and access to industry contacts to help kick-start your career.

As a result, our graduates are actively recruited by major national and multinational organisations and are often fast-tracked through early career promotions. With this as your foundation, there's no limit to where you can go:

After completing a Bachelor of Exercise Science in just two years, Nick Pfeffer was recruited to London Bridge Hospital as a cardiac physiologist.

Andrea Clarke graduated with a Bachelor of Arts in 1996 and was appointed Senior Communications Director of the Save Darfur Coalition, Washington DC.

David Baxby graduated with a Bachelor of Laws and a Bachelor of Commerce in 1994. He's now the Managing Partner at Virgin Global Aviation Investments.

So where do you think you could be in five years' time?

If your ambition is to reach the highest heights of your chosen profession then Bond University may well be your passport to an extraordinary life.

A handwritten signature in black ink, appearing to read 'Robert Stable'. The signature is fluid and cursive, with a prominent loop at the end.

**Professor Robert Stable**

Vice-Chancellor and President

Bond University was given its University status in 1987, having been established under an Act of the Queensland Parliament. Bond is part of the Australian system of higher education, and is recognised as an accredited Australian university by the Australian Ministerial Council on Education, Employment, Training and Youth Affairs (MCEETYA), which is responsible for establishing national protocols for education in Australia. It is also a full member of Universities Australia (UA) and the Association of Commonwealth Universities.

# WELCOME TO BOND

Bond University has a distinguished reputation as Australia's first private, not-for-profit university. Created in the scholarly traditions of pre-eminent private universities of world standing, Bond challenges students to be leaders and thinkers.

A Bond degree takes you beyond the accepted definition of a university education to develop initiative, enterprise, ambition and a lifelong commitment to making a meaningful contribution in your chosen field. A wide range of innovative and challenging undergraduate courses are offered:

- Faculty of Business
  - School of Business
  - School of Information Technology
  - School of Hotel, Resort and Tourism Management
- Institute of Sustainable Development & Architecture
  - Mirvac School of Sustainable Development
  - Soheil Abedian School of Architecture
- Faculty of Health Sciences & Medicine
  - School of Health Sciences
  - School of Medicine
- Faculty of Humanities & Social Sciences
  - School of Communication and Media
  - School of Humanities
  - School of Social Sciences
- Faculty of Law

Whatever degree you choose, you'll find that Bond's dedication to the highest academic standards, coupled with open access to world-class teaching professionals, industry leaders and blue chip employers will help you to reach your very highest potential.

one year earlier career launch

= YOU<sup>10</sup>

From a student perspective, Bond University stands alone. There is no university in Australia that rates higher for overall graduate satisfaction. The reason why? Well, actually there are 10 of them, which all add up to a far better university experience and outcome for you, regardless of which field of study you choose. We call it the 'Bond Factor', which basically translates to the 'What's in it for Me Factor' - something you should always take into account, whichever university you are considering.

**1**

## **Outcome = income**

**Invest in your future**

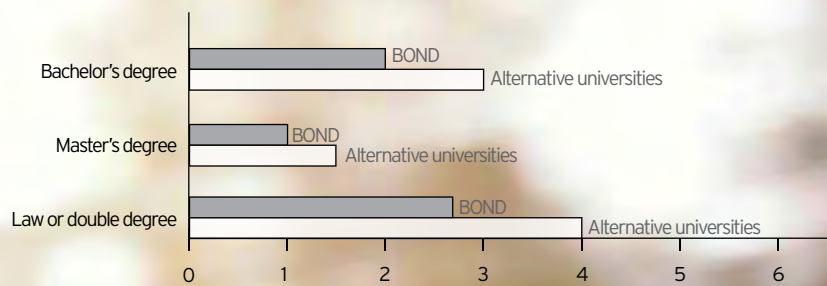

Bond University is not-for-profit. What this means is that the only outcome we're driven by is your success. One hundred per cent of your investment goes into providing the best personalised education for you, ensuring you are better prepared for career ascension and future income maximisation.

## 2 What if you had a one year head-start? Fast-tracked degrees

Bond offers fast-tracked degrees so that you can graduate up to 12 months earlier than at other universities.

Bond's three-semester-per-year structure makes this possible, and the truth of the matter is that there's still plenty of time to have a social life and enjoy yourself at Bond.

**Professor Chris Del Mar, Professor of Primary Care Research**

World-renowned Evidence-Based Medicine specialist

Visiting Professor of General Practice - Oxford University

Cambridge-educated, internationally esteemed researcher and academic  
Lecturer, Bond University Medicine Program

### **3** Sharing is overrated

#### Australia's lowest student to teacher ratio

Bond's personalised teaching philosophy manifests itself in a 10 : 1 student to teacher ratio\*. This results in smaller classes and unprecedented one-on-one access to your professors. Even beyond class, our academics have an open door policy which means not only will they know you by name, they'll actively mentor your progress.

\*2008 Student to Teacher Ratio, Universities Australia.

**4** **5 star teaching quality\***  
Star quality that transfers directly to you

Bond University's teaching faculty includes pre-eminent academics of national and international standing. Their high level qualifications are matched with practical knowledge and industry relevance gained from consulting to major multinational corporations all over the world. All of which puts you and your career aspirations in good stead.

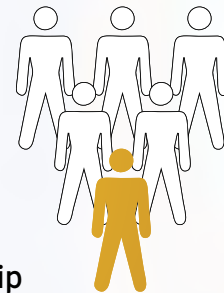

\*2012 Good Universities Guide.

## 5 Who's with me?

Preparing you for leadership

Part of Bond University's unique approach is to help you develop a strong foundation of key leadership attributes that will help prepare you for career success, regardless of which field of study you choose. As such, our teaching philosophy prepares you with the following intellectual qualities:

- **Communication Skills**
- **Knowledge and Critical Thinking**
- **Leadership, Initiative and Teamwork**
- **Responsibility and Ethics**

The importance Bond places on imbuing these attributes in our students has resulted in our graduates being first choice for many blue chip employers, as well as being prepared for rapid career progression. Bond sets you up to succeed.

**Balnaves Foundation Multimedia Learning Centre**

**Multi-award winning Institute of Sustainable Development & Architecture**

**Macquarie Trading Room**

**Legal Skills Centre**

**Award winning Sports Centre**

**Sustainable Development Living Laboratory**

**Olympic Pool**

**Level-Up Lab**

**Film and Television Studios**

**Clinical Skills Rooms**

**Sports Science Laboratory**

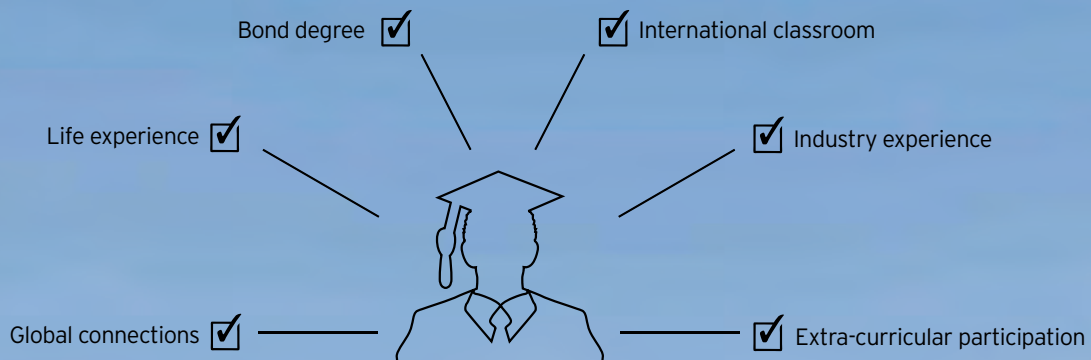

6

## World-class facilities

And you actually get to use them

At Bond, not only do we offer you the very best state-of-the-art facilities, we offer you unprecedented access to them. Our smaller student to staff ratios extend to student to facilities ratios as well. This means you get to apply your profession as you learn it, in environments far more akin to the real thing. The result of this is confidence that you're as well prepared to enter your profession as you can be.

## **7** Graduate better prepared

Gain practical experience through Bond's connections

Bond University is committed to ensuring its graduates are ready to 'hit the ground running' through practical case studies and internships with Bond's network of blue chip industry partners and affiliates. These include Macquarie Group Limited, Clayton Utz, KPMG, JBWere and Marriott International to name a few.

Add to this our personalised service and professional support from our Career Development Centre and you have a leading edge in the employment stakes.

8

## Work wherever you wish

Globally focused course content

Australian in character yet international in perspective, Bond University not only delivers globally focused course content, but a world of cultural enrichment as well. Combine this with Bond's international industry partnerships, academic exchange partners and extensive global alumni network, and you'll be professionally and culturally set up to work anywhere in the world.

The background is a bright blue sky with a network diagram overlay consisting of white dots and lines. The number '9' is displayed in a black square on the left side of the page.

9

## The university experience of your life

Enjoy a great social life on campus with over 70 sporting and social clubs

With so many students residing on campus, Bond has a real community feel and a vibrant student social life. From sporting, social and special interest clubs, the many cafés and a full calendar of events and gatherings, there's so much to enjoy. Add the off-campus Gold Coast lifestyle and Bond equals a truly fantastic student experience.

10

## There's no such thing as a 'foreign' country

Join the global Bondy alumni network

Bond University has a distinctly global perspective, aspiring to a 50 : 50 ratio of Australian to international students. Our international students come from over 80 countries, evenly weighted so that no nationality dominates, to ensure a balanced classroom. The Bond global alumni network is active in over 120 countries around the world, so you'll be connected practically anywhere your ambition may take you.

# LIFE AT BOND

**The boutique nature of Bond University, with students hailing from over 80 different countries, has led to a friendly, close-knit student community who enjoy an active social life when they're not hitting the books.**

## ON CAMPUS

Set around a beautiful lake, the extensive recreational and entertainment facilities on campus are where you'll really get to know your fellow students.

Catch up with new friends over coffee at Papyrus Café, talk about your studies over dinner at Café Bond, relax with a cold drink by the lake at Don's or enjoy the fine dining atmosphere of the University Club (lunch only).

Your Student Activities Membership includes access to the Bond University Sports Centre. This includes a 50 metre Olympic size swimming pool, an air-conditioned weights room and gymnasium, a multi-purpose sports hall, spinning studio, boxing circuit training room, beach volleyball courts, tennis courts, squash courts, golf and cricket practise nets, rugby and soccer fields, and a spa and sauna.

You can make the most of these award-winning facilities by joining one of the 30 different sporting clubs that operate on campus, covering everything from aikido to water polo with options for both social and serious competitors.

Alternatively, you can meet like-minded friends by signing up for one of the 40 active social and cultural clubs that host various events, outings, guest speakers and get-togethers throughout the year.

Other events and activities are organised by the Bond University Student Association (BUSA), the individual Faculty Student Associations and the on-campus student residences. These include regular gatherings such as our Wednesday by the Water lunchtime barbeques, Thursday nights at Don's and the End of Semester Bash.

## OFF CAMPUS

The Gold Coast is one of Australia's most popular destinations, stretched out between 35 kilometres of ocean beaches and a range of mountains filled with World Heritage rainforests.

With a population edging close to half a million people, and being one of the fastest growing cities in Australia, you'll find you have easy access to all the modern conveniences of a city, coupled with natural tranquility and the great Australian lifestyle.

The Bond campus is five minutes drive from the beach, 10 minutes from two of Australia's largest shopping centres and 15 minutes from the nightlife of Surfers Paradise.

The University's social calendar includes regular get-togethers at local pubs, waterfront cafés, beachside parks and nightclubs. Good public transport connections make it easy to get out and about independently or in a smaller group.

## UNDERGRADUATE STUDY

Applicants who have not previously studied at university would normally enrol in a bachelor's degree. These undergraduate study programs typically comprise 24 subjects which can be completed in six semesters by undertaking a full-time load of four subjects per semester. Some undergraduate degrees are slightly longer, such as the Bachelor of Laws (32 or 33 subjects - eight semesters).

### UNIVERSITY CORE SUBJECTS

At Bond University, we recognise that people may have many careers throughout their lives where they require the soft skills to problem solve and apply their education to a variety of occupations. In every undergraduate degree, students must complete four University Core subjects, with one selected from each of the following groups:

#### Communication Skills

Your choice of one of the following:

- Communication Skills
- Public Speaking: Presentation Skills for Leaders

Outcomes: To communicate effectively in writing, speaking and visual modes and to understand the nature of communication processes and the sources of difficulty in communication.

#### Knowledge and Critical Thinking

Your choice of one of the following:

- Business Applications of Information Technology
- Knowledge and Society
- Reasoning Skills
- Scientific Thinking and Research Skills

Outcomes: To work effectively with contemporary information technology and to evaluate critically the current and future role of computing technology in the storage, retrieval and processing of information.

#### Leadership, Initiative and Teamwork

Your choice of one of the following:

- Entrepreneurship
- Strategic Management

Outcomes: To appreciate the natural, dynamic and strategic positioning of organisations within their environments and to appreciate the nature of effective work in groups.

#### Responsibility and Ethics

Your choice of one of the following:

- Contemporary Issues in Law and Society
- Cultural and Ethical Values

Outcomes: To appreciate the foundation of moral, ethical and social theories and their relevance to issues of public concern and debate and to use theoretical ideas in formulating arguments about how particular issues should be resolved.

### FOUNDATION SUBJECTS

Most degrees include a specified number of foundation subjects which all students must complete, regardless of their chosen major or specialisation.

### ELECTIVE SUBJECTS

Some degrees also allow students to choose elective subjects, either from the faculty in question or from any other faculty in the University.

### MAJORS / SPECIALISATIONS

A major is a grouping of subjects (usually six) in a particular discipline that allows students to focus on a specialisation. Some degree programs also allow for a double / second major comprising 12 subjects in a given discipline.

### PATHWAYS INTO BOND UNIVERSITY

For those who do not meet the stated academic and English language requirements for direct entry into an undergraduate degree program, Bond University offers alternative pathways. For more information on pathway programs into Bond please refer to page 98.

## DEGREE OPTIONS

Bond University teaches for three semesters per year, allowing students to complete their studies much earlier than those at other universities. For instance, a standard 24 subject bachelor's degree that takes three years with the normal two semesters per year timetable, can be completed in only two years at Bond.

This accelerated study mode, combined with the flexibility of our cross-faculty subject offerings, gives students the opportunity to tailor their degree studies to suit specific career goals or enhance their employability by adding extra qualifications.

## DOUBLE DEGREES

Bond University offers a range of double degrees and combined degrees. Applicants may apply for the following combined degrees:

- Bachelor of Arts / Bachelor of Laws
- Bachelor of Biomedical Science / Bachelor of Laws
- Bachelor of Business / Bachelor of Commerce
- Bachelor of Business / Bachelor of Information Technology
- Bachelor of Business / Bachelor of Laws
- Bachelor of Business / Bachelor of Social Science
- Bachelor of Commerce / Bachelor of Laws
- Bachelor of Communication (Business) / Bachelor of Laws
- Bachelor of Communication / Bachelor of Laws
- Bachelor of International Relations / Bachelor of Laws
- Bachelor of International Relations (Business) / Bachelor of Laws
- Bachelor of Journalism / Bachelor of Laws
- Bachelor of Property and Sustainable Development / Bachelor of Laws
- Bachelor of Social Science (Psychology) / Bachelor of Laws

Double degrees in other combinations are available conditional upon subject availability\*.

\*Not available for all programs.

## HONOUR'S DEGREES

An honour's degree usually comprises two or three semesters of additional coursework, seminars and supervised research taken after a bachelor's degree. It advances students' knowledge and experience and helps prepare them for future research work and higher degree programs.

A high level of achievement in an undergraduate course is a pre-requisite of entry into an honour's degree program. Honour's degrees are available in selected programs within the faculties of Health Sciences & Medicine, Humanities & Social Sciences, and Law\*\*.

\*\*Outstanding Law graduates may qualify to receive their degree with Honours. Refer to page 87 for more details.

## HIGHER LEVEL DEGREES

Bond's fast-tracked timetable enables students to complete most bachelor's degrees in two years and a master's degree in one year, delivering higher level qualifications in the same time students at other universities will take to complete a bachelor's degree.

## STUDY SCHEDULE

As a requirement of your visa, international students must undertake four subjects per semester (equivalent to 40 credit points). Bond's teaching methodology involves a combination of lectures, tutorials, seminars, examinations, projects, presentations, assignments, computer labs and industry projects.

## Bianca Bruccoleri

Bachelor of International Hotel and Resort Management - Student

“ My experience as a Hotel and Tourism student at Bond University, has been amazing. I have had access to world leaders from within the industry through guest lectures and community presentations. Providing real life experiences that have improved both my theoretical and practical knowledge. Combining this industry relevant and practical learning experience at Bond, with the alumni connections all over the world, has prepared me for a successful career in this exciting industry.

I have also been accepted for an internship position with Disney International for 2011. This will give me great practical experience, but also great networking opportunities with leaders of this multinational organisation. ”

### SCHOOL OF HOTEL, RESORT AND TOURISM MANAGEMENT

#### BACHELOR OF INTERNATIONAL HOTEL AND RESORT MANAGEMENT

CRICOS 063302J

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

#### PROGRAM DESCRIPTION

The Bachelor of International Hotel and Resort Management prepares you for professional and managerial roles in the global hotel and resort industry. You will be required to complete a suite of business subjects complemented by advanced hotel and resort management subjects including revenue management. Backed and delivered by leading academics, the curriculum is guided by Industry Advisory Boards comprised of influential hotel and resort professionals.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Foundation Subjects (6)

- Business Law
- Human Resource Management
- Introduction to Accounting
- Introduction to Finance
- Marketing
- Organisational Behaviour

##### Advanced Discipline Subjects (11)

- Capstone Project I
- Capstone Project II
- Global Tourism Systems
- Hotel and Tourism Strategic Management
- Hotel Facilities, Development and Design
- International Food and Beverage Management
- Introduction to Hospitality and Tourism Management
- Rooms Division Management
- Strategic Pricing and Revenue Management
- Sustainable Tourism
- Tourism and Hospitality Economics

##### Electives / Revenue Management Major (3)

Students have a choice of completing the degree program including three general electives or completing the degree with a major in Revenue Management. Students must complete the Capstone subjects, Business Statistics, Cost Management Systems and Business and Spreadsheet Modelling\* to obtain the Revenue Management major.

Due to the need for industry experience prior to graduation, all students will be required to work 400 hours in a relevant organisation as a graduation requirement.

##### PROFESSIONAL OUTCOMES

The Bachelor of International Hotel and Resort Management is a qualification accepted around the world by leading hotel and resort employers. Potential career pathways include:

- Hotel and Resort Human Resource Management
- Hotel and Resort Marketing
- Hotel and Resort Operations
- Hotel and Resort Planning and Development
- Hotel and Resort Revenue Management

##### POPULAR COMBINED DEGREES

- Bachelor of Business / Bachelor of International Hotel and Resort Management

\*Or an alternative subject as advised by the Program Advisor.

## BACHELOR OF TOURISM MANAGEMENT

CRICOS 063584E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

The Bachelor of Tourism Management provides you with the theoretical knowledge and practical experience to take on managerial roles within the global tourism industry. With tailored majors, you can select a specialisation that sees you at the forefront of your chosen field. Backed and delivered by leading academics, the curriculum is guided by Industry Advisory Boards comprised of influential tourism professionals.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Foundation Subjects (6)

- Business Law
- Event Management
- Human Resource Management
- Introduction to Accounting
- Marketing
- Organisational Behaviour

#### Advanced Discipline Subjects (8)

- Global Tourism Systems
- Hotel and Tourism Strategic Management
- Introduction to Hospitality and Tourism Management
- Sustainable Tourism
- Tourism and Hospitality Economics
- Tourism Planning and Development
- Capstone Project I
- Capstone Project II

### Electives (6)

Students have the option of taking six general electives or completing one of the following majors

- E-Commerce
- Entrepreneurship
- Environmental Management
- Event Management
- Facilities Management
- International Business
- Management
- Marketing

Due to the need for industry experience prior to graduation, all students will be required to work 400 hours in a relevant organisation as a graduation requirement.

### PROFESSIONAL OUTCOMES

The Bachelor of Tourism Management program is a qualification accepted globally by leading tourism organisations. Potential career pathways include:

- Event Management
- Tourism Human Resource Management
- Tourism Marketing
- Tourism Operations
- Tourism Planning and Development

## Karl Ferian

Bachelor of Information Technology - Student

“ I have found the lecturers at Bond really care about your progress and guide you step-by-step to help you achieve individual success. They have an exciting way of teaching which also makes it easy to learn.

Bond University has strong connections with industry partners and we get the opportunity to work on real-life business situations as part of the study program.

Studying at Bond gives me the opportunity to connect with people from around the world and learn about different cultures. This will no doubt prepare me for future roles in a multi-cultural environment. ”

### SCHOOL OF INFORMATION TECHNOLOGY

#### BACHELOR OF INFORMATION TECHNOLOGY\*

CRICOS 063071G

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

#### PROGRAM DESCRIPTION

The Bachelor of Information Technology equips you for a professional career within the Information Technology (IT) industry or within IT-intensive organisations including government departments and businesses. You will undertake an intensive core skills program, followed by a specialist major in Infrastructure, Information Systems, IT Management, Mobile Applications, Security and Dependable Systems, Software Systems or Web Engineering.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Foundation Subjects (8)

- Analysing and Designing Information Systems
- Analytical Toolkit
- Database Management
- Introduction to Programming
- Managing Projects
- Networks and Applications
- Web Applications
- IT Capstone Project

##### Majors (5)

Five subjects selected from one of the following majors:

- Information Systems
- IT Management
- Infrastructure

- Mobile Applications
- Security and Dependable Systems
- Software Systems
- Web Engineering

##### IT Electives (5)

Students must take a further five undergraduate subjects offered by the School of Information Technology. Students are encouraged to select these subjects to enable completion in a second major.

##### General Electives (2)

A further two subjects may be selected from the undergraduate subjects offered from any faculty, school or the Institute within the University.

##### PROFESSIONAL OUTCOMES

This degree provides students with the knowledge and skills essential to become a multi-skilled IT professional. Graduates will be capable of contributing at a high level, working in areas spanning technology development through to strategic planning and business process management and modelling. Potential career pathways include:

- Business Consulting
- IT Educator
- Networked Applications Developer
- Process and Client Manager
- Project Leader
- Researcher
- Software Engineer
- Solutions and Enterprise Architect
- Systems and Business Analyst

##### PROFESSIONAL RECOGNITION

The Bachelor of Information Technology is accredited at the Professional level by the Australian Computer Society (ACS).

##### POPULAR COMBINED DEGREES

- Bachelor of Business / Bachelor of Information Technology
- Bachelor of Commerce / Bachelor of Information Technology

\*Subject names and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

## BACHELOR OF BUSINESS SYSTEMS\*

CRICOS 063050B

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

The Bachelor of Business Systems program equips you with the skills to take on a range of careers as senior managers or planners in information-rich and process-oriented organisations. You will learn core financial, business systems and technology management skills and then select either the commercial or managerial stream to hone your skills.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### IT Subjects (4)

Students must complete the following four subjects\*\*:

- Analysing and Designing Information Systems
- Database Management
- Systems Design
- IT Capstone Project

#### IT Optional Subjects (6)

Students must complete six of the following nine subjects:

- Business Intelligence and Data Warehousing
- Business Processes / IT Operations
- Business Systems and Processes
- Computational Finance
- E-Business
- Security and Assurance
- Strategic IS Management
- Systems Thinking
- Technology Management

#### Business Subjects (8)

Students must select subjects from the Commercial or Managerial stream:

##### > Commercial Stream

Students must complete the following seven subjects\*\*:

- Business Law
- Business Maths
- Cost Management Systems
- Econometrics
- Fundamentals of Finance
- Introduction to Accounting
- Principles of Economics

And one from the following six subjects\*\*:

- Accounting Theory and Application
- Auditing
- Financial Accounting and Company Reporting
- Law of Commercial Entities
- Managerial Planning and Control
- Principles of Taxation Law

##### > Managerial Stream

Students must complete eight of the following twelve subjects\*\*:

- Business Plan Development
- Concepts of Strategy
- Cross-Cultural Management
- Entrepreneurial Growth
- Introduction to Accounting
- Introduction to Finance
- Managing Projects
- Marketing
- Negotiation
- Organisational Behaviour
- Principles of Economics
- Venture Capital and Private Equity

**General Electives (2)**

A further two subjects may be selected from the undergraduate subjects offered by any faculty, school or the Institute within the University.

**PROFESSIONAL OUTCOMES**

Graduates will have the knowledge and skills that support a number of initial career options including roles such as a business analyst. Graduates will evolve with developing experience and the program will help underpin career tracks leading to Chief Information Officer and Chief Operating Officer.

**PROFESSIONAL RECOGNITION**

The Bachelor of Business Systems is accredited at the Professional level by the Australian Computer Society (ACS).

\*Subject names and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

\*\*Pre-requisite requirements may apply for certain subjects. Students considering the Commercial Stream should ensure they undertake CORE 11-130 Strategic Management as part of the core requirements. Students considering the Managerial Stream should ensure they undertake CORE 11-131 Entrepreneurship as part of the core requirements to meet pre-requisite requirements within the major.

## INSTITUTE OF SUSTAINABLE DEVELOPMENT & ARCHITECTURE

Mirvac School of Sustainable Development - [www.bond.edu.au/sdev](http://www.bond.edu.au/sdev)

Soheil Abedian School of Architecture - [www.bond.edu.au/architecture](http://www.bond.edu.au/architecture)

Bond University's Institute of Sustainable Development & Architecture is one of Australia's leading integrated academic institutions with a holistic adoption of Sustainable Development & Architecture. The Institute comprises the Mirvac School of Sustainable Development and the Soheil Abedian School of Architecture. The Institute's building was the first educational institution in Australia to achieve a 6 Star Green Star design rating and has been recognised with a range of international and national awards.

The practices of sustainable development will become a necessity for all professionals in the future. We are dedicated to the concept and practice of sustainability by integrating design, planning, property, construction, urban development and sustainability science education. The variety of courses focus on minimising environmental impacts, an important issue in today's society.

### EXCHANGE PARTNERS

Opportunities available to students within the Institute of Sustainable Development & Architecture include:

- Clemson University, Clemson, North Carolina, USA
- European Business School, Germany
- Kingston University, London, England
- Technology University Dortmund, Dortmund, Germany
- University of Delaware, Newark, Delaware, USA

To view the full list please visit [www.bond.edu.au/exchange-opportunities-isd](http://www.bond.edu.au/exchange-opportunities-isd).

## MIRVAC SCHOOL OF SUSTAINABLE DEVELOPMENT

### BACHELOR OF ENVIRONMENTAL MANAGEMENT (SUSTAINABLE DEVELOPMENT)\*

CRICOS 069028G

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

#### PROGRAM DESCRIPTION

Sustainability and climate change are fundamental global challenges. Being part of the solution to these issues can be a rewarding and exciting career choice. The Bachelor of Environmental Management (Sustainable Development) is distinguished by its emphasis on the most current principles and practice within the field. You will focus on the important sustainability issues including the core elements of science, technology, economics, policy, development, impact assessment and entrepreneurship. You will engage in practical work experience through field studies, industry internships and a client-driven industry project. The curriculum is focused on both Australian and international best practise.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Environmental Management Subjects (16)

- Assessing the Australian Environment: Introductory Field Work
- Climate Change Adaptation and Mitigation Policymaking
- Economics of Sustainable Development
- Environmental Economics
- Environmental Field Analysis of Rainforest and Coastal Regions
- Environmental Impact Assessment
- Environmental Policymaking
- Environmental Science
- Introduction to Geographic Information Systems
- Introduction to Sustainable Development, Sustainability Science and Values
- Research Methods for Sustainable Development
- Sustainability Entrepreneurship
- Sustainability Science
- Sustainable Communities
- Sustainable Development and the Urban Environment
- Capstone Project

##### Electives (4)

Plus four electives chosen from subjects offered by any faculty or the Institute.

##### PROFESSIONAL OUTCOMES

This degree is designed to equip students with the knowledge and practical experience to be sustainability professionals in business and industry, government and consulting positions. Potential career outcomes include leadership roles in corporate social environmental management and responsibility, ethical supply chain management, environmental impact, green investment and carbon management.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au/isda](http://www.bond.edu.au/isda) for updated information on program structure.

## BACHELOR OF ENVIRONMENTAL SCIENCE (SUSTAINABILITY SCIENCE)\*

CRICOS 072540J

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

A degree in Environmental Science (Sustainability Science) at Bond combines the elements of science and technology to produce leading environmental scientists. You will also learn about natural resource management and be at the forefront of this rapidly changing industry. This degree includes extensive field work so you can experience the unique Australian environment first-hand, while learning to understand how it functions and how we can manage human impacts on it.

### PROGRAM STRUCTURE

The structure of the Bachelor of Environmental Science (Sustainability Science) is based on a series of theoretical and practical subjects.

#### University Core Subjects (4)

- Refer to page 32

#### Environmental Science Subjects (16)

- Applied Environmental Chemistry and Physics
- Assessing Australian Environments: Introductory Fieldwork
- Atmospheric and Climate Change Science
- Ecology, Genetics and Evolution
- Environmental Field Analysis of Rainforest and Coastal Regions
- Environmental Impact Assessment
- Environmental Science
- Internship in Sustainable Development
- Introduction to Geographic Information Systems
- Introduction to Sustainable Development, Sustainability Science and Values
- Marine and Coastal Environments
- Natural Systems
- Pollutants and the Human Environment
- Research Methods in Sustainable Development
- Sustainability Science
- Capstone Project

#### Electives (4)

Plus four electives chosen from subjects offered by any faculty or the Institute.

#### PROFESSIONAL OUTCOMES

Environmental scientists are required by government and industry across a wide range of sectors including mining and energy, transportation, fisheries and agriculture, tourism, planning and property, and community infrastructure. There are diverse job opportunities in urban and regional Australia, as well as overseas. Graduates will have an in-depth understanding of all facets of environmental impact assessment. You will learn how to apply your scientific skills to both global and local environment decision-making processes and develop a thorough understanding of the natural environment and the methods for undertaking environmental field research and analysis. You will also develop the skills needed to monitor a diverse range of ecosystems including coral reefs, deserts, rainforests, wetlands and coastal dunes.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au/isda](http://www.bond.edu.au/isda) for updated information on program structure.

## **BACHELOR OF PROPERTY AND SUSTAINABLE DEVELOPMENT\***

CRICOS 063081F

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### **ENTRY REQUIREMENTS**

Successful completion of Grade 12 or equivalent, Bond College certificate or relevant accreditation entry requirements.

### **PROGRAM DESCRIPTION**

This degree is designed to equip you with a strong foundation and advanced technical skills for a career within property related industries and professions. You will choose a specialisation from Property Valuation, Urban Development and Sustainability or Construction Management and Quantity Surveying. The final semester is highlighted by an industry based capstone project which integrates the full range of topics covered during the degree.

### **PROGRAM STRUCTURE**

#### **University Core Subjects (4)**

- Refer to page 32

#### **Foundation Subjects (4)**

- Land Economy and the Environment
- Planning Process
- Sustainable Development and Society
- Understanding Buildings

### **SPECIALISATIONS**

Students must complete all subjects from one of the following fields of specialisations:

#### **Property Valuation (16)**

- Business Law
- Construction Technology
- Economics of Sustainable Development
- Introduction to Accounting
- Principles of Property Law
- Principles of Property Valuation
- Property Agency and Marketing
- Property Finance and Taxation
- Property Investment and Development
- Property Investment Valuation
- Property Management
- Property Resource Analysis
- Specialist Valuation
- Statutory Valuation
- Urban Development
- Capstone Project

#### **Urban Development and Sustainability (16)**

- Asset and Facilities Management
- Business Law
- Construction Technology
- Corporate Real Estate
- Economics of Sustainable Development OR Environmental and Economic Impact Assessment
- Introduction to Accounting
- Managing Projects

- Principles of Property Valuation
- Property Agency and Marketing
- Property Finance and Taxation
- Property Investment and Development
- Sustainable Design
- Urban Development
- Capstone Project
- Two elective subjects

#### **Construction Management and Quantity Surveying (16)**

- Business Law
- Commercial Construction and Engineering
- Construction Site Management
- Construction Tendering and Finance
- Early Estimating and Cost Planning
- Integrated Measurement and Professional Practice
- Managing Projects
- Measurement 1
- Measurement 2
- Project Contract Administration
- Project Delivery Systems
- Project Planning and Scheduling
- Structural Engineering
- Sustainable Building Services
- Sustainable Design
- Capstone Project

### **PROFESSIONAL OUTCOMES**

This degree gives graduates access to a wide range of career paths in property related fields such as urban or rural valuation, property development, development management, project management, investment, finance, construction management, quantity surveying, property management and property research. The attributes gained from this degree will allow you to work in Australia and around the world.

### **PROFESSIONAL RECOGNITION**

Property Valuation graduates are professionally recognised by the Royal Institution of Chartered Surveyors (RICS), and the Australian Property Institute (API). The API accreditation allows Property Valuation students to apply for registration as Certified Practising Valuers upon graduating (conditional on meeting professional practice requirements). Graduates who have obtained qualifications accepted for practice as a valuer in Queensland are able to apply for registration from the Office of Fair Trading, as a valuer if they wish to practice in New South Wales.

Urban Development & Sustainability graduates are professionally recognised by RICS and API.

Students graduating with the Construction Management and Quantity Surveying specialisation will be professionally recognised by RICS, the Australian Institute of Quantity Surveyors and Chartered Institute of Building. In addition, students who successfully complete the Construction Management and Quantity Surveying specialisation will have met the educational requirements set by the Building Services Authority (Queensland) for an Open Builders' Licence in Queensland and the New South Wales Office of Fair Trading for the granting of a Home Builders' Licence in Queensland and New South Wales.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au/isda](http://www.bond.edu.au/isda) for updated information on program structure.

# Fiona Beaverson

Graduate Investment Management - Lend Lease

- 2007 Enrolled in Bachelor of Property Development and Sustainability one year out of high school. Impressed by Bond's unmatched industry connections.
- 2008 Elected President of the Sustainable Development Students Association and President of the Bond Investment Group, who were responsible for bringing Sir Richard Branson on campus to speak to students.
- Travelled to Dubai and Abu Dhabi as part of a Bond study tour to observe construction and development practices and visit iconic developments.
- 2009 - 2010 Completed her Bachelor degree in just over two years at Bond.
- Offered one of only two positions available Australia-wide, working with the Investment Management team in the Sydney head office of one of the world's leading property companies, Lend Lease.

**BPropDev**  
Alumnus

## BACHELOR OF URBAN DESIGN AND PLANNING\*

CRICOS 063051A

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, Bond College certificate or relevant accreditation entry requirements.

### PROGRAM DESCRIPTION

This degree provides a foundation in urban design and planning for those intending to make their careers in a variety of built environment professions involved in creating sustainable cities. It is delivered within the context of both history and contemporary concerns and develops your practical skills in managing development. You will gain development and property knowledge through studying the specified relevant subjects from those areas. If you are seeking professional membership of the Planning Institute of Australia you will need to proceed into the postgraduate Planning program.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Foundation Subjects (4)

- Introducing Urban Design
- Land Economy and the Environment
- Planning Process
- Sustainable Development and Society

#### Urban Design and Planning Subjects (12)

- City, Culture and Environment
- Development Assessment
- Economic and Social Foundations of Planning
- Environmental and Economic Impact Assessment
- Internship in Sustainable Development
- Introduction to Geographic Information Systems
- Managing Projects
- Strategic Land Use Planning
- Supportive Environments for Active Transport
- Urban Design and Site Analysis Studio
- Urban Development
- Capstone Project

#### Electives (4)

Plus four electives chosen from subjects offered by any faculty or the Institute.

#### PROFESSIONAL OUTCOMES

Successful graduates will achieve a sound knowledge and entry level skills in urban design and planning. This program also serves as a pathway to the Master of Urban Planning and further studies in related fields such as architecture and landscape architecture.

#### PROFESSIONAL RECOGNITION

A combined eight semester program comprising the Bachelor of Urban Design and Planning and eight subjects from the Master of Urban Planning is accredited with the Planning Institute of Australia.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au/isda](http://www.bond.edu.au/isda) for updated information on program structure.

## SOHEIL ABEDIAN SCHOOL OF ARCHITECTURE

### BACHELOR OF ARCHITECTURAL STUDIES\*

CRICOS 072544E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. All candidates will be interviewed prior to acceptance into the program and all candidates will be asked to provide a portfolio of evidence of their creativity and interest in design and architecture.

#### PROGRAM DESCRIPTION

Bond's Architectural Studies degree is focused on inspirational learning and teaching environments to equip graduates with the theory, the practical skills and strategic thinking to create sustainable and culturally relevant solutions to our environmental challenges.

As a student you will need to be passionate, imaginative and enjoy problem solving to succeed in this field. Subjects within the discipline of architecture include design studio, history and theory of architecture, design communication, hands on construction workshop and city culture and environment.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Architectural Studies Subjects (12)

- Architectural Design Studio 1
- Architectural Design Studio 2
- Architectural Design Studio 3
- Architectural Design Studio 4
- Architectural Design Studio 5
- Architectural Design Studio 6
- Architectural and Technology 2
- City, Culture and Environment
- Design Communications 1

- Design Communications 2
- History and Theory of Architecture 1
- History and Theory of Architecture 2

##### Cross-disciplinary Subjects (8)

- Introducing Urban Design
- Planning Processes
- Structural Engineering
- Sustainable Building Services
- Sustainable Development and Society
- Understanding Buildings
- Two elective subjects

#### PROFESSIONAL OUTCOMES

A career in architecture is not limited to the creation of buildings and structures. The best architects have the skill to integrate both the art and elements of construction with the visual, tactile and other experiential qualities of space and place. Career opportunities are available in private architectural practices, government, construction, infrastructure and development organisations.

#### PROFESSIONAL RECOGNITION

Bond is seeking recognition and accreditation of the professional degree from the Architects Accreditation Council of Australia. Students who also complete the Master of Architecture\*\*, plus two years of practical architectural experience may be eligible to undertake the Architectural Practice Examination for registration with the Board of Architects of Queensland. For further information on accreditation, please contact the Institute of Sustainable Development & Architecture.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au/isda](http://www.bond.edu.au/isda) for updated information on program structure.

\*\*Master of Architecture program commences in 2013.

## FACULTY OF HEALTH SCIENCES & MEDICINE

School of Health Sciences - [www.bond.edu.au/health-sciences](http://www.bond.edu.au/health-sciences)

School of Medicine - [www.bond.edu.au/medicine](http://www.bond.edu.au/medicine)

The Faculty of Health Sciences & Medicine offers innovative degree programs in a range of health related disciplines and professions, including biomedical science, health sciences, high performance science, physiotherapy, sports management, sport and exercise science and forensic science.

Our innovative teaching programs are designed and delivered by eminent professors and lecturers who combine leadership in their field with extensive practical experience as scientists, clinicians, elite athlete managers and recognised discipline experts.

Our state-of-the-art purpose-built facility, equipped with the very latest medical, teaching and communication technologies, and clinical skills rooms and laboratories, reflect the real world environment and give our students a distinct advantage.

We are dedicated to shaping professionals who are distinguished, not just by their superior scientific clinical skills, but by their ethics, compassion and humanity.

### EXCHANGE PARTNERS

Opportunities available to students within the Faculty of Health Sciences & Medicine include:

- Bonn University, Bonn, Germany
- Marburg University, Marburg, Germany
- University of Oslo, Oslo, Norway
- University of Waterloo, Ontario, Canada
- University of Delaware, Newark, Delaware, USA

To view the full list please visit [www.bond.edu.au/exchange-opportunities-hsm](http://www.bond.edu.au/exchange-opportunities-hsm).

## SCHOOL OF HEALTH SCIENCES

### BACHELOR OF BIOMEDICAL SCIENCE\*

CRICOS 063085B

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. Successful completion of English, Maths B and either Chemistry or Physics (students without the equivalent of Grade 12 Chemistry will be required to complete a bridging Chemistry subject). Pathways are available for applicants who do not meet the standard subject entry requirements.

#### PROGRAM DESCRIPTION

The Bachelor of Biomedical Science provides you with the opportunity to acquire outstanding technical skills in our state-of-the-art laboratories. This program develops your knowledge in the molecular, cellular, anatomical and physiological processes of the human body. Extensive laboratory training and problem solving exercises, together with a case study approach to teaching, demonstrates the applications of biomedical science within a variety of clinical, research and allied healthcare settings. You will also have access to excellent internship / work experience opportunities with a wide range of organisations. Bond students have completed placements at Queensland Medical Limited (QML) Pathology, Sullivan Nicolaides Pathology, John Flynn Hospital, Gribbles Pathology and pharmaBank.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Compulsory Subjects (19)

- Cardiovascular, Renal and Respiratory Physiology
- Cell Biology
- Chemistry
- Gastrointestinal, Endocrine and Reproductive Physiology
- Human Anatomy I
- Human Anatomy II

- Human Biology
- Human Lifespan Development
- Human Nutrition
- Immunology
- Medical Chemistry I
- Medical Chemistry II
- Medical and Molecular Genetics
- Microbiology
- Molecular Biology
- Neuromuscular Physiology
- Pathology
- Pharmacology
- Research Methods in Science

#### Elective Subject (1)

Choose from one of the following:

- Developmental and Functional Neuroscience
- Internship in Health Sciences
- Nutrition and Health
- Approved elective subject

#### PROFESSIONAL OUTCOMES

The broad scope of the Biomedical Science degree ideally positions graduates to enter a wide range of professions in the healthcare industry. This includes employment in:

- Diagnostic Industries
- Health Administration
- Hospitals
- Medical Devices
- Pharmaceutical Industries
- Veterinary / Animal Health

Graduates may also pursue biomedical research opportunities within universities, government and privately-owned research institutes. Within a university setting, graduates will also have the opportunity to complete research-based honours qualifications leading to a PhD or to undertake further study in graduate programs such as medicine, pharmacy, nutrition and dietetics, medical laboratory science, exercise and rehabilitation.

#### POPULAR COMBINED DEGREE

- Bachelor of Biomedical Science / Bachelor of Laws

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

# Nick Pfeffer

Cardiac Physiologist - London Bridge Hospital & City Diagnostics, UK

- 2000 | Commenced double degree in Exercise Science and Business at Griffith but deferred after two years.
- 2002 - 2006 | Travelled through America, Canada, Pacific Islands and Asia, working in the surfing industry.
- 2007 | Commenced Bachelor of Exercise Science at Bond University, attracted by Bond's small class sizes, working and studying full-time.
- 2008 | Undertook internship arranged by Bond in the Cardiology Department of Royal Brisbane and Women's Hospital.  
  
Graduated with a Bachelor of Exercise Science in just two years of study at Bond.
- 2009 | Secured position as full-time cardiac physiologist at the Gold Coast Heart Centre, responsible for all non-invasive cardiac investigations at John Flynn, Tweed Heads and Allamanda Hospitals.
- 2009 - 2011 | Recruited to London Bridge, UK, in a dual role as a cardiac physiologist in the Cardiology Department and for their new telemedicine start-up, City Diagnostics.

## BACHELOR OF EXERCISE SCIENCE\*

CRICOS 063065F

**Duration:** 2 years full-time (6 semesters)

**Starting:** January

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. Successful completion of English, Maths B and Chemistry (students without the equivalent of Grade 12 Chemistry will be required to complete a bridging Chemistry subject). Pathways are available for applicants who do not meet the standard subject entry requirements.

### PROGRAM DESCRIPTION

The Bachelor of Exercise Science provides you with a solid understanding of the basic clinical and applied sciences with the primary focus on how the body responds differently to various exercise doses. You will learn how to measure these differences in order to recommend optimal exercise doses in the treatment of diseases, such as cardiovascular conditions. Learning strategies include a mix of lectures, tutorials and practical sessions using problem solving, case studies and clinical reasoning. You will also have access to excellent internship / work experience opportunities with a wide range of organisations. Bond students have completed placements at the Australian Institute of Sport, Cricket Australia Centre of Excellence, Gold Coast Hospital, Pindara Physiotherapy, Royal Brisbane and Women's Hospital, Cardiac Investigations Unit and the Queensland Institute of Medical Research.

Bond University's Bachelor of Exercise Science is also one of the preferred pathways for entry into Bond University's two year Doctor of Physiotherapy\*\* program.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Compulsory Subjects (20)

- Biochemistry
- Biochemistry of Exercise
- Cardiovascular, Renal and Respiratory Physiology
- Cell Biology
- Chemistry
- Clinical Biomechanics
- Clinical Exercise Testing I
- Clinical Exercise Testing II
- Exercise Prescription and Practice I
- Human Anatomy I
- Human Anatomy II
- Human Biology
- Metabolic Diseases and Exercise
- Neuromuscular Physiology
- Pharmacology
- Physiological Principles of Rehabilitation
- Physiology of Exercise I
- Physiology of Exercise II
- Principles of Biomechanics
- Research Methods in Science

### PROFESSIONAL OUTCOMES

The Bachelor of Exercise Science produces graduates who are critical thinkers, with a strong understanding of human biology, who can communicate effectively with patients. You will complete research-based honours qualifications leading to a PhD or to continue study in graduate programs such as Physiotherapy or High Performance Science. You will also be well placed to gain employment as a cardiac technologist, sleep technician, respiratory technician, trainee sonographer and pharmaceutical representative.

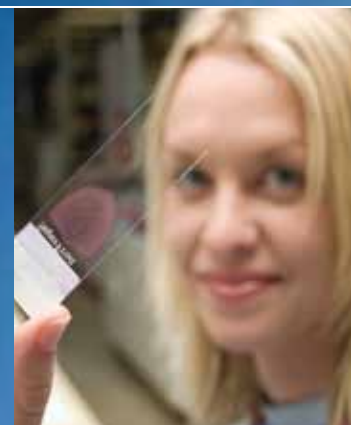

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

\*\*12 month accreditation has been granted by the Australian Physiotherapy Council.

# FORENSIC SCIENCE

## A RAPIDLY EXPANDING FIELD

Forensic science involves the application of science to the administration of law. DNA methods have revolutionised the area of forensic biology over the last twenty years and have resulted in increases in the number of jobs for DNA Forensic Scientists. Additionally, the heightened awareness of terrorism has led to a new area of forensic activity, microbial forensics, while the incidence of mass disasters has increased the need for more robust and rapid DNA methods for identification of victims.

### BACHELOR OF FORENSIC SCIENCE\*

CRICOS 063067D

**Duration:** 2 years full-time (6 semesters)

**Starting:** January

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. Successful completion of English, Maths B and either Chemistry or Physics (students without the equivalent of Grade 12 Chemistry will be required to complete a bridging Chemistry subject). Pathways are available for applicants who do not meet the standard subject entry requirements.

#### PROGRAM DESCRIPTION

The Bachelor of Forensic Science is taught by internationally renowned forensic experts in DNA and forensic anthropology. The program exposes you to the essential elements of science (including anatomy, biology, chemistry and forensics), and relevant aspects of law. You will learn in a highly personalised learning environment and have access to state-of-the-art equipment including a DNA Extraction Robot and DNA Typing Instrument. Access to Bond's Legal Skills Centre will teach you how to provide expert forensic evidence in a real court setting. You will also have access to excellent internship / work experience opportunities with a wide range of organisations.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Compulsory Subjects (19)

- Cell Biology
- Chemistry
- Forensic Anthropology
- Forensic Chemistry
- Forensic DNA Profiling
- Forensic Genetic Applications
- Forensic Statistics
- Forensics in the Courtroom

- Human Anatomy I
- Human Anatomy II
- Human Biology
- Human Osteology
- Introduction to Forensics
- Medical and Molecular Genetics
- Medical Chemistry I
- Microbial Forensics
- Molecular Biology
- Research Methods in Science
- The Australian Criminal Justice System

##### Elective Subject (1)

Choose from one of the following:

- Immunology
- Internship
- Approved elective

##### PROFESSIONAL OUTCOMES

This program will provide you with specialised scientific skills, a thorough understanding of the methods and standards used in forensic laboratories and the legal framework within which this work must be carried out. You will be well placed to seek employment in specialised forensic areas such as forensic laboratories, crime scene police sections and legal areas dealing with civil and criminal scientific matters. You will also have skills that will facilitate employment in a range of other scientific disciplines. Students will also be able to progress to research-based honours, master's and PhD programs.

##### POPULAR COMBINED DEGREE

- Bachelor of Laws / Bachelor of Forensic Science

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

## BACHELOR OF HEALTH SCIENCES\*

CRICOS 063068C

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

The Bachelor of Health Sciences is designed for students who wish to explore a range of scientific disciplines by undertaking studies across a broad range of subjects in biomedical science, exercise science, forensic science and children's health. You will have access to excellent internship / work experience opportunities with a wide range of organisations. Bond students have completed placements at Queensland Medical Limited Pathology, Sullivan Nicolaides Pathology, John Flynn Hospital, Gribbles Pathology and pharmaBank. For those who did not complete science and maths in high school, a pathway into this program is also available through Bond College.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Compulsory Subjects (18)

- Biochemistry
- Cardiovascular, Renal and Respiratory Physiology
- Cell Biology
- Chemistry
- Communicating with Children and Families

- Development Disabilities and Inclusive Practices
- Gastrointestinal, Endocrine and Reproductive Physiology
- Human Anatomy I
- Human Anatomy II
- Human Biology
- Human Lifespan Development
- Medical Chemistry II
- Microbiology
- Neuromuscular Physiology
- Nutrition and Health
- Pathophysiology of Injury and Repair
- Principles of Biomechanics
- Research Methods in Science

#### Directed Options (2)

- Faculty approved electives

### PROFESSIONAL OUTCOMES

Graduates will be ideally positioned to enter employment in scientific publishing, intellectual property, laboratory research, clinical trials or drug registration. Alternatively you may undertake specialist postgraduate studies in pharmacy, nutrition / dietetics, medical laboratory science, forensics, exercise science or rehabilitation. Graduates interested in a career in medical research will have the opportunity to complete research-based honour's, master's and PhD programs.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

## BACHELOR OF HEALTH SCIENCES (HONOURS)\*

CRICOS 063044M

**Duration:** 1 year full-time (3 semesters)

**Starting:** January (or other semesters as agreed by Honours Coordinator)

### ENTRY REQUIREMENTS

Successful completion of a relevant undergraduate degree with admission based on satisfactory academic performance in undergraduate subjects related to the field of planned research.

### PROGRAM DESCRIPTION

The honour's program is one year of independent research and study culminating in the production of a research thesis and presentation of a research seminar. You will undertake a program of coursework and research where you will conceptualise, plan, organise, undertake and report on an independent research project, while being supervised by a member of the academic staff.

### PROGRAM STRUCTURE

- Research Preparation and Design
- Honours Thesis A
- Research Analysis and Communication or another approved research method / communication / advanced level subject
- Honours Thesis B

### PROFESSIONAL OUTCOMES

The honour's program provides a pathway to postgraduate study, typically at the PhD level. Graduates will also be well placed to seek employment as research assistants or pharmaceutical representatives.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

## BACHELOR OF SPORTS MANAGEMENT\*

CRICOS 063083D

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

The Bachelor of Sports Management is taught by leading experts in sport, law, business and public relations. This integrated program provides you with the necessary knowledge and skills to successfully work with sporting teams, clubs and players, and to manage events. You will also have access to excellent internship / work experience opportunities with a wide range of organisations. Bond students have completed placements with AFL Queensland, Association of Surfing Professionals International, Australian Sports Commission, Australian University Games, Billabong, Gold Coast Blaze, Gold Coast United, Gold Coast Turf Club and Yachting Queensland.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Compulsory Subjects (19)

- Asset and Facilities Management
- Business Law
- Business Plan Development
- Club Management
- Event Management
- High Performance Sport Management
- Human Resource Management

- Managing Financial Resources in Sport
- Negotiation
- Organisational Behaviour
- Personal Finance
- Player Management
- Public and Non Profit Sport Management
- Sport Management
- Sport Marketing
- Sport Organisation, Governance and Policy
- Sport Public Relations
- Sport Tourism
- Sports Law

#### Elective Subject (1)

Choose one of the following:

- Leadership
- Principles of Project Management
- Professional Experience Sport Management
- Special Topic in Sports Management

#### PROFESSIONAL OUTCOMES

You will be well positioned for employment in a range of settings including event management, player management, recreational and leisure clubs, sport marketing firms, amateur sport organisations, professional sport teams and leagues, and sporting goods organisations.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

# EXERCISE SCIENCE & SPORTS SCIENCE

## EXERCISE IS THE NEW MEDICINE

Exercise Science focuses on the prescription of exercise to treat or prevent disease. For example, a research project, STEP ForWARD is conducted in the Faculty, tested the optimal level of exercise for older women. These findings will be used as a preventative and health promotion intervention strategy provided to women to achieve positive health benefits.

Sports Science focuses on high performance athletes and the processes to achieve greater results. For example, Sports Scientists use GPS systems strapped to professional athletes such as rugby players to track their movements and physiological responses, such as heart rate, during games. This information can then be used to design individual training programs for players based on their on-field requirements and current performance levels.

### BACHELOR OF SPORTS SCIENCE\*

CRICOS 063084C

**Duration:** 2 years full-time (6 semesters)

**Starting:** January

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. Successful completion of English, Maths B and Chemistry (students without the equivalent of Grade 12 Chemistry will be required to complete a bridging Chemistry subject). Pathways are available for applicants who do not meet the standard subject entry requirements.

#### PROGRAM DESCRIPTION

Bond University's Bachelor of Sports Science prepares you to clearly understand the process by which high performance athletes achieve greater results. The program provides you with a solid understanding of the basic, clinical and applied sciences by which high performance athletes achieve greater results. Learning strategies include a mix of lectures, tutorials and practical sessions using problem solving, case studies and clinical reasoning.

You will also have access to excellent internship / work experience opportunities with a wide range of organisations. Bond students have completed placements at the Australian Institute of Sport, Cricket Australia Centre of Excellence, Gold Coast Hospital, Pindara Physiotherapy, Royal Brisbane and Women's Hospital, Cardiac Investigations Unit) and the Queensland Institute of Medical Research. Bond University's Bachelor of Sports Science is a preferred pathway for entry into Bond University's one year Master of High Performance Science program.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

#### Compulsory Subjects (20)

- Biochemistry
- Biochemistry of Exercise
- Cardiovascular, Renal and Respiratory Physiology
- Cell Biology
- Chemistry
- Clinical Biomechanics
- Clinical Exercise Testing I
- High Performance Science I
- High Performance Science II
- Human Anatomy I
- Human Anatomy II
- Human Biology
- Neuromuscular Physiology
- Pathophysiology of Injury and Repair
- Pharmacology
- Physiology of Exercise I
- Physiology of Exercise II
- Principles of Biomechanics
- Psychology of High Performance
- Research Methods in Science

#### PROFESSIONAL OUTCOMES

You will be well placed for employment as assistant coach / high performance coordinators, talent identification consultants, performance services advisor and elite program coordinators. This program is a preferred pathway into Bond University's Doctor of Physiotherapy and Master of High Performance Science programs. You will have the opportunity to complete research-based honour's qualifications leading to a PhD or to continue study in graduate programs such as High Performance Science or Physiotherapy.

\*Subject name and structure may change for 2012 - please refer to [www.bond.edu.au](http://www.bond.edu.au) for updated information on program structure.

## FACULTY OF HUMANITIES & SOCIAL SCIENCES

School of Communication & Media - [www.bond.edu.au/communication-media](http://www.bond.edu.au/communication-media)

School of Humanities - [www.bond.edu.au/humanities](http://www.bond.edu.au/humanities)

School of Social Sciences - [www.bond.edu.au/social-sciences](http://www.bond.edu.au/social-sciences)

Bond University's Faculty of Humanities and Social Sciences, consisting of the School of Communication and Media, School of Humanities and School of Social Sciences, offers programs in a broad cross-section of arts and social science disciplines ranging from media and international relations through to film and television.

With a strong emphasis on vocationally oriented studies, the subjects offered reflect the University's international role in producing work ready graduates and underline its commitment to Australia and its social and political interests. In all disciplines, the very latest theory and research is applied to real-life practice, with the opportunity for internships and work experience. The Faculty prides itself on offering a challenging intellectual climate that encourages students to widen their sense of what is humanly possible.

### EXCHANGE PARTNERS

Opportunities available to students within the Faculty of Humanities & Social Sciences include:

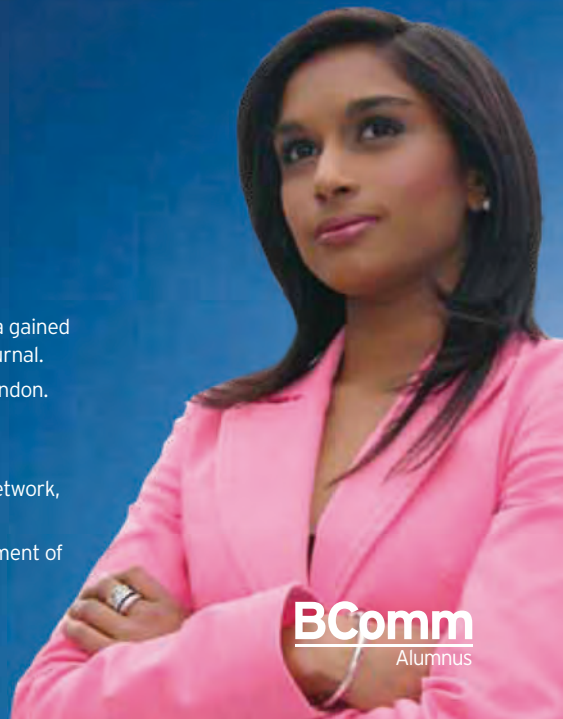

- Nanyang Technological University, Singapore
- Soochow University, Jiangsu, China
- Strasbourg University, Strasbourg, France
- University of Delaware, Newark, Delaware, USA
- University of Waterloo, Ontario, Canada

To view the full list please visit [www.bond.edu.au/exchange-opportunities-hss](http://www.bond.edu.au/exchange-opportunities-hss).

# Nidhi Dutt

Correspondent and Presenter of India Business Report - BBC News, Mumbai

- 2002 Graduated from All Hallows School, Brisbane and was awarded a scholarship to study at Bond University.
- 2004 Completed Bachelor of Communications, tailoring the degree by undertaking a double major in Foreign Correspondence and International Relations. Graduated with extensive practical newsroom experience in print and broadcast media gained through internships with ABC TV's Stateline, The Canberra Times and The Fashion Journal.
- 2005 Secured job as Junior Reporter / Advertising Manager with Tribune Publications in London.
- 2006 Reporter / Producer with Reuters Ltd (Television) in London, covering general news, international events, arts and entertainment, finance and business. Transferred to Mumbai as Reporter / Correspondent for 24-hour international news network, Times Now - a joint Reuters and Times of India venture.
- 2008 News and Current Affairs reporter for the ABC. Intern with the United Nations Department of Information, Secretariat, New York City.
- 2010 Mumbai Correspondent and presenter of India Business Report, BBC News.

## SCHOOL OF COMMUNICATION AND MEDIA

### BACHELOR OF COMMUNICATION

CRICOS 063062J

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

#### PROGRAM DESCRIPTION

This degree program will give you the ideal mix of theory and practice, combining foundational studies in communication and media with focused studies in professional disciplines including journalism and public relations to give graduates a career edge. It will also allow you to pursue focused areas of study in the fields of corporate communication, media and advertising. The degree allows for a range of combinations of these studies, with the ability to select a combination which will give you the best of both worlds: excellent career prospects and a stimulating course of study.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Communication Major (6)

Students must complete:

- Communication Research
- Human Communication
- Mass Media

And three subjects from the following:

- Australian Media
- Digital Media and Society
- Interpersonal Communication
- Organisational Communication and Leadership
- Public Relations Principles and Practice
- Writing for the News Media

#### Specialist Major (1 or 2 majors)

Select one specialist major of six subjects or a double major of 12 subjects in one of the following areas:

- Advertising
- Communication Studies
- Corporate Communication
- Film and Television\*
- Journalism\*
- Media
- Multimedia
- Public Relations

#### Electives (8)

Up to eight elective subjects of which at least four must come from the Humanities and Social Sciences list of undergraduate subjects.

#### PROFESSIONAL OUTCOMES

You will be immersed in a range of professional experiences to give you a taste for the media careers to which you aspire. At the same time, a sound theoretical framework underpins studies so that you can enter the communication and media industries understanding how to perform professional tasks and knowing why such tasks are important to your work.

\*A double major may be undertaken in this area.

## BACHELOR OF COMMUNICATION (BUSINESS)

CRICOS 063063G

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

This degree gives you knowledge in marketing, advertising, organisational behaviour and communication. You can specialise further by combining a major in Marketing with a major from one of eight areas: Corporate Communication, Public Relations, Communication Studies, Journalism, Media Studies, Multimedia, Film and Television and Advertising.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Foundation Subjects (5)

- Advertising Principles and Practice
- Digital Media and Society
- Human Communication
- Marketing
- Organisational Behaviour

#### Majors

Students must complete the specified number of subjects from one of the following majors:

#### > Marketing (5)

- Consumer and Buyer Behaviour
- Market Research and Analysis
- Strategic Marketing

And two subjects from the following:

- Brand and Category Management
- International Marketing
- Internet Marketing
- Promotional Design and Planning
- Sales Management
- Services Marketing

#### Specialist Major (6)

Six subjects in one of the following areas:

- Advertising
- Communication
- Corporate Communication
- Film and Television\*
- Journalism\*
- Media
- Multimedia
- Public Relations

#### Electives (4)

Any four other subjects of which at least two must come from the Humanities and Social Sciences list of undergraduate subjects.

#### PROFESSIONAL OUTCOMES

The Bachelor of Communication (Business) degree is designed to equip you with the theoretical knowledge and practical experience that will enable you to step into an organisation and start assisting with the development and implementation of communication strategies and marketing plans.

\*A double major may be undertaken in this area.

## BACHELOR OF COMPUTER GAMES

CRICOS 063064G

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

This degree is an industry-linked degree and is designed to create graduates who understand interactive entertainment product development and production, as well as the functions and operations of allied fields such as advertising, journalism and multimedia.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Games Studies Major Subjects (6)

- Computer Game Culture and Audience
- Computer Game Form, Narrative and Style
- Computer Game Industry and Policy
- Digital Media and Society
- Interactive Experience

And either

- Computer Game Industry Internship OR Mass Media

#### Game Design Major Subjects (6)

Students can choose six subjects from the following:

- 2D Animation and Simple Games
- 3D Modelling Animation and Video Combining
- Design Logic
- Designing Sound Environments
- Digital Media Design
- Interactive Media Project and Presentation
- Website Design

### Specialist Major (6)

All students must select a specialist major comprising six subjects selected from the following areas:

- Advertising
- Communication
- Film and Television
- Information Technology
- Journalism
- Management
- Marketing
- Media
- Public Relations

### Electives (2)

Any two other subjects of which at least one must come from the Humanities and Social Sciences list of undergraduate subjects.

### PROFESSIONAL OUTCOMES

The program is designed to equip you with the knowledge and practical experience that will enable you to step into careers in any area of the computer games industry and for careers in development-allied fields, including design, sound, animation, 3D modelling, script writing, level design, product testing, programming, games journalism, gamevertising, public relations, business / government policy, distribution, regulation / classification, Digital Rights Management copyright.

## BACHELOR OF FILM AND TELEVISION

CRICOS 063066E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

Bond University's Bachelor of Film and Television degree is heavily hands-on and project-based. This allows students to balance creative practice theory with practical production experience, which enables them to explore and develop their individual creativity. The program is focused on the key creative areas of directing, producing, screenwriting, cinematography, editing, sound and production design. It is taught by staff with long careers in the film and television industry. Students acquire skills in traditional and emerging production technologies, develop cinema aesthetics, critical faculties and receive insight into the commercial and industrial aspects of the international film and television industry.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Foundation Subjects (14)

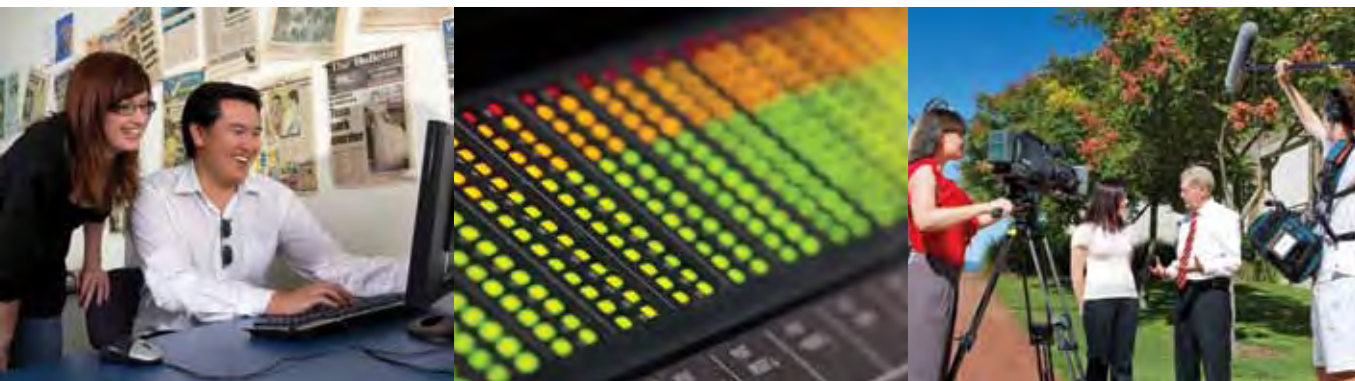

- Cinematography and Lighting 1
- Directing Actors
- Film and TV Editing
- Film Style and Genre
- Film and TV Audio Production
- Image and Photography
- Producing 1: International Film Industry
- Producing 2: Project Development
- Screenwriting 1
- Screenwriting 2
- Screen Production 1
- Screen Production 2
- Screen Production 3
- Television 1: Studio Production

#### Electives (6)

Any six subjects of which at least three must come from the Film and Television list of elective undergraduate subjects.

### PROFESSIONAL OUTCOMES

The Bachelor of Film and Television is designed for students passionate about a career in film, television or related screen-based industries. Potential career outcomes include producer, director, screenwriter, cinematographer, editor, sound designer, or production designer in the Australian or international film industry.

## BACHELOR OF JOURNALISM

CRICOS 063077B

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

Bond University's Journalism program is recognised internationally for its quality and innovation and allows for a specialisation in the areas of television journalism, health reporting, IT reporting, business and finance reporting, crime reporting, sports reporting or foreign correspondence.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Foundation Subjects (6)

Students must complete all of the following subjects:

- Ethical and Legal Strategies for the Media
- Image and Photography
- Major Australian Writing

Plus one of the following subjects:

- Mass Media
- The Australian Media

Plus one of the following subjects:

- Doing Business in Australia
- International Political Economy

Plus one of the following subjects:

- Australian Government and Politics
- Introduction to International Relations

#### Journalism Subjects (8)

Students must complete the following subjects:

- Foundations of Broadcast Journalism
- Journalism Research Methods
- Newspaper Reporting
- Writing for the News Media

Plus four of the following:

- Broadcast and Multimedia Journalism
- Foreign Correspondence
- Freelance Writing: Magazine and Creative Non-Fiction
- Photo Journalism, Editing and Publishing
- Reporting Specialties

#### Practicum Subjects (2)

Students must complete:

- Workplace Relations: Career Planning and Portfolio Development

Plus one of the following:

- Journalism Internship
- Special Topic in Journalism

#### Specialisation / Electives (4)

Four electives, of which at least two must come from the Humanities and Social Sciences list of undergraduate subjects or four subjects from one of the areas listed below:

- Criminology
- Film and Television
- Finance
- Health Sciences
- Information Technology
- International Relations
- Language
- Law
- Psychology

#### PROFESSIONAL OUTCOMES

The program is designed for students with a career focus aimed directly at working in mainstream journalism, initially as a reporter in newspapers, radio, television or digital media. If you are pursuing other vocations where journalistic skills are required you will also find this program beneficial.

## BACHELOR OF MULTIMEDIA DESIGN

CRICOS 063080G

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

This degree is designed to give you the opportunity to specialise in Advertising, Mass Communication or Production. Each degree option develops a solid base of multimedia skills and knowledge, encompassing interface design, 2D animation, video production, introductory software development, web based design, digital audio and hands-on experience with real-world multimedia production. This knowledge is further enhanced by majors in your chosen field of specialisation, selecting from subject areas such as Advertising, Communication, Film and Television or Journalism.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Foundation Subjects (6)

All students must complete the following:

- 2D Animation and Simple Games
- 3D Modelling, Animation and Video Combining
- Designing Sound Environments
- Digital Media Design
- Interactive Media Project and Presentation
- Website Design

#### Specialist Major (6)

All students must complete a specialist major comprising six subjects from one of the following areas:

- Advertising
- Communication
- Film and Television
- Information Technology
- Journalism

#### Electives / Specialisations (2)

Any two other subjects of which at least one must come from the Humanities and Social Sciences list of undergraduate subjects.

Plus a further six subjects for a specialisation.

#### > Specialist Streams

In addition to the Core, Foundation, Specialist and Elective subjects above, all students must choose an area of specialisation and complete the following:

#### > Advertising:

##### Specialist Major in Advertising (6)

Please choose six from the following:

- Advertising Principles and Practice
- Advertising, Brand Image and Cultural Space
- Attitudes, Persuasion, Leadership and Conformity
- Communication and Shared Leadership in Groups and Teams
- Communication Research
- Creativity in Marketing Communication
- Direct Response Advertising
- Integrated Marketing Communication
- Internet Advertising
- Media Planning and Buying
- Visuality: Understanding Visual Forms
- Workplace Relations, Career Planning and Portfolio Development

Or

**> Mass Communication:**

**Specialist Major in Media Studies (6)**

Students must complete:

- Human Communication
- Mass Media

Plus four of the following:

- Computer Game Industry and Policy
- Digital Media and Society
- Ethical and Legal Strategies for the Media
- Film Style and Genre
- Interactive Experience
- Internet Advertising
- Introduction to International Relations
- The Australian Media

Or

**> Production:**

**Specialist Major in Film and Television Production (6)**

Students must complete:

- Directing Actors
- Film Style and Genre
- Producing 1: International Film Industry
- Screen Production 1
- Screen Production 2
- Screenwriting 1

**PROFESSIONAL OUTCOMES**

The knowledge and skills developed in these programs will provide you with the qualifications to establish careers in a wide range of public and private sector industries, here in Australia and internationally. The possibilities include media, advertising, business marketing and public relations, IT, film and television, entertainment and video gaming and online interactive training networks, to name just a few.

## SCHOOL OF HUMANITIES

### ASSOCIATE DEGREE

CRICOS 063154E

**Duration:** 1 year full-time (3 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

#### PROGRAM DESCRIPTION

This program allows qualified applicants to undertake university-level study without enrolling in a full degree program. It may be selected for a variety of reasons, including professional and personal development.

#### PROGRAM STRUCTURE

##### University Core Subject (1)

- Communication Skills or Public Speaking

##### Foundation Subjects (8)

Students must complete eight subjects from the Humanities and Social Sciences schedule, including one major (six subjects).

##### Electives (3)

Three subjects of which at least two must come from the Humanities and Social Sciences list of undergraduate subjects.

### BACHELOR OF ARTS

CRICOS 063052M

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

#### PROGRAM DESCRIPTION

This program encourages students to select combinations of subject areas and particular subjects which will best suit their interests and aspirations. It is a generalist program offering the student flexibility in their choice of majors with the opportunity to either specialise in a particular area of study, or to select complementary majors.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Majors (12)

Students must complete two majors or one double major, selected from the list of available majors below:

- Advertising
- Australian Studies
- Behaviour Management
- Chinese Language (Mandarin)
- Chinese Studies
- Communication
- Computer Games
- Corporate Communication
- Counselling
- Criminology\*
- English as an International Language
- Film and Television\*
- French Language
- French Studies
- Global Governance and Regional Politics
- International Diplomacy
- International Relations\*

- Japanese Language
- Japanese Studies
- Journalism\*
- Language Studies
- Language Teaching (TESOL / LOTE)
- Media
- Multimedia
- Philosophy
- Psychology\*
- Public Relations
- Spanish Language
- Spanish Studies
- Television Journalism\*

#### **Electives (8)**

Any eight other subjects of which at least four must come from the Humanities and Social Sciences list of undergraduate subjects.

#### **PROFESSIONAL OUTCOMES**

Overall, the Bachelor of Arts provides students with not only a strong but a broad set of skills essential to all professions no matter what their chosen career.

\*A double major may be undertaken in this area.

## **UNDERGRADUATE DIPLOMA IN UNIVERSITY ENGLISH STUDIES**

CRICOS 072149E

**Duration:** 2 semesters full-time

**Starting:** January, May, September

#### **ENTRY REQUIREMENTS**

In addition to general university entry requirements, the English Language requirement is IELTS 5.5 with no band score less than IELTS 5.0.

#### **PROGRAM OBJECTIVES**

This program is a university pathway program for students from non-English speaking backgrounds. Students will enter the Diploma in University English Studies and after successfully completing two semesters (three University Core Subjects and five English Language Subjects) will be able to enrol in their chosen undergraduate degree.

Successful completion of the two semesters leads to the award of a Diploma in University English Studies. The two semesters of study will provide students with advanced level English language on a for credit basis before entering the program of their choice.

#### **PROGRAM STRUCTURE**

##### **University Core Subjects (3)**

- Communication Skills
- Cultural and Ethical Values
- Knowledge and Society

##### **English Subjects (5)**

- Academic Speaking and Listening 1
- Academic Speaking and Listening 2
- English as an International Language 1A
- English as an International Language 1B
- English as an International Language 2

Upon successful completion of these subjects (with no further IELTS\*) students can:

- Graduate with a Diploma in University English Studies and
- Apply for transfer to another degree program within Humanities & Social Sciences, Business, Law, Information Technology or Health Sciences & Medicine

\*With the exception of those programs requiring IELTS 7.0.

## BACHELOR OF ARTS (ENGLISH AS AN INTERNATIONAL LANGUAGE)

CRICOS 063053K

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

In addition to general University entry requirements, the English Language requirement is IELTS 5.5 with no band score less than IELTS 5.0.

### PROGRAM OBJECTIVES

This program is a university pathway program for students from non-English speaking backgrounds. Successful completion of two semesters leads to the award of Diploma in University English studies. The two semesters will provide students with advanced level English language.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

- Refer to page 32.

#### English Subjects (5)

- See structure of Diploma in University English Studies

On successful completion of these subjects (with no further IELTS\*) students may:

- Graduate with a Diploma in University English Studies
- Continue with the Bachelor of Arts (EIL) which will require completion of a further 16 subjects.

#### University Core Subject (1)

- Strategic Management or Entrepreneurship

#### English Language Subject (1)

- One English Language subject in the Faculty of Humanities & Social Sciences

#### Other Major (6)

- Select one specialist major of six subjects drawn from the Humanities and Social Sciences list of undergraduate subjects

#### Electives (8)

Eight subjects of which at least four must come from the Humanities and Social Sciences list of undergraduate subjects.

#### PROFESSIONAL OUTCOMES

This course of study will provide students with the opportunity to raise their English language level during rather than prior to tertiary study. Combined with the Bachelor of Arts, students will be able to select combinations of subject areas and particular subjects which will best suit their interests and aspirations.

\*With the exception of those programs requiring IELTS 7.0.

# Julien Pellaux

Programme Specialist - United Nations Population Fund, Kazakhstan

- 2000 Commenced at Bond for one semester as a Study Abroad student and decided to fast track his Bachelor of International Relations by staying on for the whole degree.
- 2001 Undertook internship at the Brazilian Consulate in Sydney.
- 2002 Completed final semester of degree in the USA at University of Delaware through Bond's International Exchange program.
- 2002-2004 Returned home to Geneva and completed a Master of International Relations at the Graduate Institute of International Studies.
- 2005 Served as Communication and Advocacy Officer for the United Nations Population Fund (UNFPA) in Kyrgyzstan as part of the UN Volunteers Program.
- 2006 Appointed UN Coordination Specialist in Tajikistan.
- 2007 Relocated to New York to take up appointment as Communication Analyst in the Office of the Executive Director of UNFPA, providing support with speechwriting and developing communication strategies for executive leadership.
- 2010 - 2011 Reassigned to Almaty, Kazakhstan for the post of Regional Programme Specialist on Gender and Human Rights with the United Nations Population Fund.

## BACHELOR OF INTERNATIONAL RELATIONS

CRICOS 063074E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

Global and regional interdependence means that no nation is unaffected by developments beyond its borders. National survival is now premised on international orientation. This means that businesses, for example, need people equipped not only with business skills but also with competencies in international relations.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Majors (12)

Students must complete two majors (comprising six subjects each) from the following three areas:

#### International Relations

This major comprises six subjects drawn from any of the International Relations undergraduate subjects.

#### International Diplomacy

Students must complete:

- Introduction to Diplomacy
- Introduction to Geopolitics
- Introduction to International Relations

Plus three of the following subjects:

- Australian Identity in the International Perspective
- East-West International Diplomacy
- International Development (Theory and Practice)
- International Relations Internship
- Strategic China
- Strategic India
- The United Nations

Any two of the above subjects plus one foreign language subject.

#### Global Governance and Regional Politics

Students must complete:

- Alternative Globalisations OR Prospects for Global Politics
- The United Nations

Plus four subjects drawn from the following:

- Australia and the Asia Pacific
- East-West International Diplomacy
- Eurasia
- European Political Economy
- Introduction to Geopolitics
- Introduction to International Relations
- Latin America in the International System
- Strategic China
- Strategic India

#### Electives (8)

Any eight other subjects of which at least four must come from the Humanities and Social Sciences list of undergraduate subjects.

#### PROFESSIONAL OUTCOMES

Graduates of this program will have a global perspective which will suit their areas of interest and professional goals whilst having developed the skill base necessary to operate in a global environment.

## BACHELOR OF INTERNATIONAL RELATIONS (BUSINESS)

CRICOS 063075D

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

This program provides a choice of studies for students who are interested in the areas of international affairs and business within both government and non-government sectors. Studies will be in areas related to international relations, foreign policy, global politics and economic history, international economics, trade, human development, international business, legal, cultural and language studies.

### PROGRAM STRUCTURE

#### Foundation Subjects (6)

- Business Law
- Introduction to Geopolitics
- Introduction to International Business
- Introduction to International Relations
- Marketing
- Principles of Economics

#### Business Relations Major (6)

Students must complete:

- East-West International Diplomacy
- Global Business Strategy
- International Development (Theory and Practice)
- International Political Economy
- International Trade

Plus one of the following subjects:

- Aspects of European Law
- International Law
- International Trade and Business Law
- Introduction to Cross-Border Business Law

#### Specialisation (5)

Students can choose to undertake a specialisation in any of the areas listed as follows:

##### > International Marketing and Public Relations (4)

- International Marketing
- The Internet and Marketing
- Public Relations Principles and Practice
- Public Relations Campaigns and Strategies

Plus one from the following:

- Crisis Communication OR an HSS Internship subject
- Introduction to Diplomacy

##### > Leadership and Management (4)

- Human Resource Management
- Leadership
- Organisational Behaviour
- Organisational Communication and Leadership

Plus one from the following:

- Alternative Globalisations
- Introduction to Diplomacy OR an HSS Internship subject

##### > European International Relations (4)

- Eurasia
- European Political Economy
- The United Nations
- One approved subject from Law

Plus one from the following:

- Intercultural Communication
- International Relations Internship
- Prospects for Global Politics

##### > Asian International Affairs (4)

- Chinese Defence Policy
- Strategic China
- Strategic India
- Terrorism

Plus one from the following:

- Alternative Globalisations
- Australia and the Asia-Pacific
- International Relations Internship

##### > Modern Language

Four language subjects in Chinese, English, French, Japanese or Spanish, plus one from the following:

- Intercultural Communication
- International Relations Internship
- Introduction to Diplomacy

##### Electives (3)

Any three other subjects of which at least two must come from the Humanities and Social Sciences list of undergraduate subjects.

Note: Students may be able to undertake an internship or exchange abroad (depending on GPA).

### PROFESSIONAL OUTCOMES

This program prepares you intellectually for performing in this complex and challenging field. You will have the skills, knowledge and expertise required for careers in business or international organisations, as well as diplomacy or policy information.

## GRADUATE CERTIFICATE IN LANGUAGE

**Duration:** 2 Years part-time (6 semesters)

**Starting:** January, September

Available only as concurrent enrolment with a CRICOS registered undergraduate program.

### PROGRAM DESCRIPTION

This program provides a unique opportunity for currently enrolled undergraduate students to enhance their study program with the learning of a foreign language. French, Spanish, Chinese (Mandarin) or Japanese language may be studied. Students will study four levels of a language and should be functionally proficient in the written and spoken practices of their language of choice. Students will gain knowledge of and insight into the cultural conventions and current affairs specific to their chosen language.

### PROGRAM STRUCTURE

The Graduate Certificate in Language comprises of four subjects, as follows:

#### Foundation Subjects (4)

Four subjects\* from one chosen language area as follows:

##### > Chinese

- Chinese Language 1
- Chinese Language 2
- Chinese Language 3
- Chinese Language 4

##### > French

- French Language 1
- French Language 2
- French Language 3
- French Language 4

##### > Japanese

- Japanese Language 1
- Japanese Language 2
- Japanese Language 3
- Japanese Language 4

##### > Spanish

- Spanish Language 1
- Spanish Language 2
- Spanish Language 3
- Spanish Language 4

\*See Credits on page 102 for prior study.

## SCHOOL OF SOCIAL SCIENCES

### BACHELOR OF BEHAVIOUR MANAGEMENT

CRICOS 063400G

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. IELTS score of 7.0 with no band score less than 6.5.

#### PROGRAM DESCRIPTION

This program is designed for students interested in working with clients challenged by moderate to severe behavioural difficulties. Students will learn about the functional analysis frameworks and practical techniques required for dealing effectively with child, adolescent and adult clients, many of whom have a diagnosis of developmental disability or learning disorder. Analysing and understanding the reasons for challenging behaviours is a major focus of this degree. Teaching centres on a problem-focused model and students will receive supervised behaviour management experience as part of the practical placement.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Foundation Subjects (12)

- Abnormality and Illness
- Assessment and Diagnosis
- Behaviour Analysis and Intervention
- Foundations of Counselling
- Interventions with People Experiencing Difficulties
- Policy Case Management and Independent Living
- Practicum in Behaviour Management
- Research Project - Behaviour Management
- Science and Religion
- The Influence of Biology on Human Behaviour
- Theory and Practice of Functional Analysis
- Understanding and Changing Human Behaviour

##### Plus the following Humanities and Social Sciences subjects (6)

- Australian Schools and Education Systems
- Corporate and Community Conflict Resolution
- Criminal Profiling
- Developmental Psychology
- Human Communication
- Statistics and Data Analysis 1

##### Electives (2)

Any two other subjects of which at least one must come from the Humanities and Social Sciences list of undergraduate subjects.

#### PROFESSIONAL OUTCOMES

The Bachelor of Behaviour Management will qualify you for a career as a case manager, disability instructor or behaviour management worker in human service facilities and organisations that provide programs for clients with challenging behaviour.

## BACHELOR OF COUNSELLING

CRICOS 063401F

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. IELTS score of 7.0 with no band score less than 6.5.

### PROGRAM DESCRIPTION

This program is designed for students interested in working hands-on with clients who are experiencing difficulties in meeting the demands of their day-to-day life. Students will learn about the key counselling frameworks and practical approaches for working with clients to help them overcome their personal difficulties. One major focus of this degree is on presenting counselling as a person-centred profession, designed to explore and create positive changes in client difficulties. Teaching centres on a problem-focused model and students will receive supervised counselling experience during the completion of a practicum subject.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Foundation Subjects (14)

- Abnormality and Illness
- Assessment and Diagnosis
- Behaviour Analysis and Interventions
- Counselling Interventions for Specific Groups and Populations
- Ethical, Legal and Professional Issues in Counselling
- Foundations of Counselling
- Functional Analysis and Treatment in Counselling
- Interventions with People Experiencing Difficulties
- Practicum in Counselling
- Research Project in Counselling
- Science and Religion
- The Influence of Biology on Human Behaviour
- Theory and Practice in Counselling
- Understanding and Changing Human Behaviour

#### Humanities and Social Sciences Subjects (4)

- Corporate and Community Conflict Resolution
- Developmental Psychology
- Human Communication
- Statistics and Data Analysis 1

#### Electives (2)

Any two other subjects of which at least one must come from the Humanities and Social Sciences list of undergraduate subjects.

### PROFESSIONAL OUTCOMES

The Bachelor of Counselling will qualify you for employment as a hands-on practitioner in hospitals, government departments (e.g. child protection), specialist intervention programs (e.g. drug rehabilitation), social welfare agencies, independent schools and as a private consultant.

## BACHELOR OF SOCIAL SCIENCE

CRICOS 063082E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

This degree encompasses a mix of several disciplines including Criminology, Psychology, Counselling and Behaviour Management. This program will allow you to combine subjects from this area and from other areas to complete a degree whose title reflects a specialisation of studies in the Social Sciences area of the Faculty.

Students who undertake a double major in Criminology will be provided with both knowledge and research skills and techniques required for analysis of criminological issues and an understanding of how to critically evaluate public research.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

### Majors Subjects (12)

From the list of undergraduate subjects in Criminology, Psychology, Behaviour Management and Counselling. The following is an outline of the concentration of studies a student can undertake:

#### Option 1 - Psychology and Criminology

Six subjects from undergraduate Psychology offerings, plus six subjects drawn from the undergraduate Criminology offerings.

#### Option 2 - Psychology and Behaviour Management

Six subjects drawn from the undergraduate Psychology offerings and the following six undergraduate Behaviour Management subjects:

- Assessment and Diagnosis
- Behaviour Analysis and Interventions
- Interventions with People Experiencing Difficulties
- Policy, Case Management and Independent Living
- The Influence of Biology on Human Behaviour
- Understanding and Changing Human Behaviour

#### Option 3 - Psychology and Counselling

Six subjects drawn from the undergraduate Psychology offerings and the following six Counselling subjects:

- Abnormality and Illness
- Assessment and Diagnosis
- Counselling Interventions for Specific Groups and Populations
- Ethical, Legal and Professional Issues in Counselling
- Foundations of Counselling
- Understanding and Changing Human Behaviour

#### Option 4 - Criminology and Behaviour Management

Six subjects drawn from the undergraduate Criminology offerings and the following six Behaviour Management subjects:

- Assessment and Diagnosis
- Behaviour Analysis and Interventions
- Interventions with People Experiencing Difficulties
- Policy, Case Management and Independent Living
- The Influence of Biology on Human Behaviour
- Understanding and Changing Human Behaviour

**Option 5 - Criminology and Counselling**

Six subjects drawn from the undergraduate Criminology offerings and the following six Counselling subjects:

- Abnormality and Illness
- Assessment and Diagnosis
- Counselling Interventions for Specific Groups and Populations
- Ethical, Legal and Professional Issues in Counselling
- Foundations of Counselling
- Understanding and Changing Human Behaviour

Students who undertake a double major in Criminology could find opportunities in the areas of research, teaching, intelligence analysis, program development, service delivery and consulting. They could expect to be employed in areas such as state and federal agencies, law enforcement or crime research, specially convened tribunals, police and community welfare. Students with a background in areas such as journalism, psychology, public relations and international relations could also benefit from completing studies in this area.

**Option 6 - Double Major in Criminology**

Choose 12 subjects drawn from the undergraduate Criminology offerings.

**Electives (8)**

Any eight other subjects of which at least four must come from the Humanities and Social Sciences list of undergraduate subjects.

**PROFESSIONAL OUTCOMES**

This program will provide you with a basis for working in areas such as welfare, government departments, disability services or as disability officers or case workers, client support and advocacy as well as working with behavioural difficulties of children in educational settings.

Those students who choose a Behaviour Management focus will learn the framework and procedures for implementing functional analytical therapy with clients who have severe behavioural difficulties.

Students who choose a Criminology focus combined with Behaviour Management will gain the ability to understand atypical behaviour patterns.

Students who combine their studies with Psychology will gain the ability to understand clients presenting with problems and develop effective needs-based treatment programs.

## BACHELOR OF SOCIAL SCIENCE (PSYCHOLOGY)

CRICOS 062655C

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. IELTS score of 7.0 with no band score less than 6.5.

### PROGRAM DESCRIPTION

The Bachelor of Social Science (Psychology) offers an introduction to the discipline of psychology and explores topics such as the biological bases of behaviour, personality, sensation and perception, learning, memory, language, motivation and emotion, lifespan development, social behaviour and psychological disorders.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Foundation Subjects (16)

- Biological Psychology
- Cognitive Psychology
- Developmental Psychology
- Introduction to Psychology: Biology and Personality
- Introduction to Psychology: Learning and Social
- Learning and Behaviour
- Motivation and Emotion
- Personality and Individual Differences
- Psychopathology
- Research Methods in Psychology
- Sensation and Perception
- Social Psychology
- Statistics and Data Analysis I
- Statistics and Data Analysis II
- Statistics and Data Analysis III

Plus one elective from the list below:

- Drugs and Behaviour
- Introduction to Forensic Psychology
- Introduction to Counselling Psychology
- Love, Sex and Relationships
- Psychology at Work

### Electives (4)

Four elective subjects of which at least two must come from the Humanities and Social Sciences list of undergraduate subjects.

### PROFESSIONAL OUTCOMES

This degree qualifies students for employment in professional areas such as counselling and various functions associated with human resources. It is also the building block for further studies where you are able to pursue careers in the professional practice of psychology including clinical, organisational or forensic psychology, counselling, clinical neuropsychology, health and community psychology, research and other specialist areas.

### PROFESSIONAL RECOGNITION

This program is fully accredited by the Australian Psychology Accreditation Council as the equivalent of three years' university training in Psychology.

## **BACHELOR OF SOCIAL SCIENCE (PSYCHOLOGY) (WITH HONOURS)**

CRICOS 063047G

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

### **ENTRY REQUIREMENTS**

Completion of an accredited three-year sequence of study in psychology in Australia, or equivalent. IELTS score of 7.0 with no band score less than 6.5.

Applicants are assessed on academic merit and must have achieved a minimum GPA of 2.5 on the Bond University 4.0 scale for all second and third level psychology subjects. Where students have not achieved this level, or competition for places has excluded them, students may be offered a place in the Postgraduate Diploma of Psychology program.

### **PROGRAM DESCRIPTION**

The Honour's program in Psychology prepares graduates for entry into a career in psychology (i.e. provisional registration as a psychologist in addition to two years of supervised training). The program also prepares graduates for the fifth and sixth years of their professional training, such as a master's degree or PhD. This program is accredited by the Australian Psychology Accreditation Council as the equivalent of a fourth year of study in Psychology.

### **PROGRAM STRUCTURE**

This program must include:

- Honours Thesis 1: Research Seminar and Ethics
- Honours Thesis 2
- Human Experimental Psychology
- Multivariate Research Methods
- Principles of Psychological Assessment

Plus two of the following:

- Clinical Psychology
- Community and Health Psychology
- Forensic Psychology
- Industrial and Organisational Psychology
- Neuropsychology
- Social Cognition
- The Scientist Practitioner Model

### **PROFESSIONAL OUTCOMES**

Under supervision, graduates can pursue careers in the professional practice of psychology including clinical, forensic or organisational psychology, counselling, clinical neuropsychology, health and community psychology, research and other specialist areas.

### **PROFESSIONAL RECOGNITION**

The Bachelor of Social Science (Psychology) with Honours is fully accredited by the Australian Psychology Accreditation Council.

## FACULTY OF LAW

[www.bond.edu.au/law](http://www.bond.edu.au/law)

Bond Law has earned an international reputation for its personalised teaching environment, legal skills training and the international focus of its degree offerings. It is one of the few Australian law schools that can continue to offer its students the personal attention of tutorials with a maximum of 12 participants and the use of an innovative and interactive Legal Skills Centre complete with Electronic Moot Courts and skills assessment rooms.

Bond's law program has been consistently ranked the best in Australia for the past six years in graduate surveys conducted by Graduate Careers Australia and has retained the number one\* position for graduate satisfaction for the past five years.

Bond Law graduates have a distinguished performance record in Australian and international moot competitions, winning over 40 awards in the past three years in competitions such as the International Criminal Court Trial Competition in The Hague.

It is the individual attention that Bond Law can provide which ensures its law graduates are workplace ready and employed in top law firms throughout Australia and in over 38 countries worldwide.

\*Compared to Australia's Group of Eight leading universities, Graduate Careers Australia's 2008 Australian Graduate Survey based on 2007 Graduates.

### EXCHANGE PARTNERS

Opportunities available to students within the Faculty of Law include:

- Duke University, Durham, North Carolina, USA
- Ghent University, Ghent, Belgium
- Leiden University, Leiden, Netherlands
- Northwestern University, Chicago, Illinois, USA
- Uppsala University, Uppsala, Sweden

To view the full list please visit [www.bond.edu.au/exchange-opportunities-law](http://www.bond.edu.au/exchange-opportunities-law).

## BACHELOR OF LAWS

CRICOS 063405B

**Duration:** 2 years 8 months full-time (8 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate. Students who have already completed an undergraduate degree in a discipline other than law would normally apply for our postgraduate professional qualification, the Juris Doctor. Details can be found in Bond's Postgraduate Guide.

### PROGRAM DESCRIPTION

Bond's law program is designed to prepare you for a career in the legal profession, business, industry or government, both within Australia and overseas. Its combination of excellent teaching, small classes and extensive legal skills program provides a dynamic learning experience that is challenging both academically and prepares you practically for a legal career. Our 20-component legal skills program equips you with the following skills needed to practise law in a modern environment:

- Advocacy and Oral Presentation
- Client Interviewing and Communication
- Legal Research and Analysis
- Legal Writing and Drafting
- Negotiation and Dispute Resolution

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Compulsory Law Subjects (19)

These 19 compulsory subjects cover the 'Priestley Eleven' areas required to practise law in Australia:

- Administrative Law
- Australian Legal System
- Bookkeeping and Trust Accounts\*
- Business Associations
- Civil Procedure
- Constitutional Law
- Corporations Law
- Criminal Law and Procedure A

- Criminal Law and Procedure B
- Equity
- Evidence
- Land Law
- Law of Civil Remedies
- Law of Obligations
- Legal Ethics and Professional Conduct\*
- Legal Skills
- Personal Property Transactions
- Principles of Contractual Liability
- Principles of Tortious Liability
- Property Law

#### General Electives (4)

#### Law Electives (5)

A wide range of law electives is offered with particular emphasis on corporate and commercial law subjects. A range of specialty streams is available, including:

- Corporate and Commercial Law
- Dispute Resolution
- Intellectual Property, Information Technology and E-Commerce
- International Trade Law
- Public Law

Outstanding Bachelor of Laws (LLB) graduates may qualify to receive their degree with honours. Candidates for the honour's degree must fulfil the requirements for the pass degree and achieve such standard of proficiency as the Faculty of Law may from time to time determine.

#### PROFESSIONAL OUTCOMES AND RECOGNITION

Completion of the Bachelor of Laws (LLB) is the first step along the pathway to admission as a practising lawyer. In conjunction with further study (Postgraduate Diploma in Legal Practice or PLT) and meeting the requirements of the Legal Practitioners Boards of the various Australian states and territories, graduates may apply for admission to legal practice\*\*. The Bond LLB is specifically designed to develop well rounded legal practitioners equipped with the practical legal skills to take leading positions in both the public and private sectors. Bond has one of the highest graduate employment rates of all Australian universities. Our graduates are employed in top tier law

firms throughout Australia and across 38 countries, including the USA, UK, Canada, Scandinavia, Hong Kong, Malaysia and Singapore, as solicitors in private practice, associates to supreme and high court judges, barristers, government lawyers, in-house counsel and academics. Students are encouraged to focus on the specific areas of study that they feel best serve their future career paths.

#### INDUSTRY EXPERIENCE

Clinical legal subjects are available as electives with students placed in legal settings, working under the supervision of a practising lawyer. Students are also encouraged to complete clerkships or internships with law firms during their holidays, but these do not form part of degree requirements. Our Graduate Development Office is available to assist students in their search for a suitable placement.

#### POPULAR COMBINED DEGREES

- Bachelor of Laws / Bachelor of Arts
- Bachelor of Laws / Bachelor of Business
- Bachelor of Laws / Bachelor of Commerce
- Bachelor of Laws / Bachelor of International Relations (Business)
- Bachelor of Laws / Bachelor of Social Science (Psychology)

\*Half-unit subject.

\*\*The degree can also be used to gain admission as a legal practitioner in other countries; however, students are advised to confirm the admission requirements of the particular jurisdiction in which they wish to practise.

## BACHELOR OF BUSINESS LAW

CRICOS 063057F

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

#### PROGRAM DESCRIPTION

This degree provide an opportunity to combine legal subjects of particular interest with study in related disciplines such as business, IT, international relations, criminology, languages and communication.

#### PROGRAM STRUCTURE

##### University Core Subjects (4)

- Refer to page 32

##### Law Compulsory Subject (1)

- Australian Legal System

##### Law Electives (11)

A wide range of law electives is offered, with particular emphasis on corporate and commercial law subjects. You may use these subjects to specialise in one particular area, such as:

- Corporate and Commercial Law
- Dispute Resolution
- Intellectual Property, Information Technology and E-Commerce
- International Trade Law
- Public Law

##### Business / IT Subjects (8)

- Eight undergraduate Business or Information Technology subjects including a 6-subject major

### PROFESSIONAL OUTCOMES

Bond's flexible degree structure permits various combinations of law and non-law subjects. This flexibility will enable you to design your program to meet a variety of career interests. Law is increasingly regarded as an excellent preparation for a wide range of careers and, with arts and sciences, is an important source of liberal education. Careers in politics, business, banking and finance, teaching, public service, industrial relations and international relations are among the many options open to graduates.

### PROFESSIONAL RECOGNITION

Unlike the Bachelor of Laws degree, the Bachelor of Business Law is not designed to provide a qualification for the professional practise of law. Students wishing to practise law should consider a Bachelor of Laws.

## BACHELOR OF JURISPRUDENCE

CRICOS 063078A

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Grade 12 or equivalent, or Bond College certificate.

### PROGRAM DESCRIPTION

This degree provides an opportunity to combine legal subjects of particular interest with study in related disciplines such as business, IT, international relations, criminology, languages and communication.

### PROGRAM STRUCTURE

#### University Core Subjects (4)

- Refer to page 32

#### Law Compulsory Subject (1)

- Australian Legal System

### Law Electives (11)

A wide range of law electives are available with particular emphasis on corporate and commercial law subjects. You may use these subjects to specialise in one particular area, such as:

- Corporate and Commercial Law
- Dispute Resolution
- Intellectual Property, Information Technology and E-Commerce
- International Trade Law
- Public Law

### Humanities (8)

- Eight undergraduate Humanities subjects including a six subject major

### PROFESSIONAL OUTCOMES

Bond's flexible degree structure permits various combinations of law and non-law subjects. This flexibility will enable you to design your programs to meet a variety of career interests. Law is increasingly regarded as an excellent preparation for a wide range of careers and, with arts and sciences, is an important source of liberal education. Careers in politics, business, banking and finance, teaching, public service, industrial relations and international relations are among the many options open to graduates.

### PROFESSIONAL RECOGNITION

Unlike the Bachelor of Laws degree, the Bachelor of Jurisprudence is not designed to provide a qualification for the professional practise of law. Students wishing to practise law should consider a Bachelor of Laws.

## CAREER DEVELOPMENT SERVICES

The Career Development Centre (CDC) is staffed by qualified and experienced Employment Services Specialists. They provide a broad range of personalised services including:

- **Careers Advice and Guidance** - personal one-on-one appointments with our Employment Services Specialists.
  - **Career Path Planning** - identifying individual students' skills and interests, and matching them with relevant career pathways.
  - **Graduate Recruitment Resources and Assistance** - puts students in touch with graduate recruitment representatives from leading corporations and agencies when on campus.
  - **Application Assistance** - support for the total application process and making sure all aspects are addressed.
  - **Careers Clinics and Seminars** - held regularly to inspire and motivate students with exciting career suggestions.
  - **Resume Review** - advice on how to improve your resume.
  - **International Business Development** - the CDC has a dedicated Manager, International Career Development who works with international employers to develop opportunities for Bondies, and works with international students to enhance their career opportunities.
  - **Dedicated Postgraduate Service** - the CDC has developed a partnership with external providers to provide a high quality service for postgraduate students including clinics, strategy advice and innovative partnerships
- The CDC also coordinates a number of events on campus:
- **Employer Visits to Campus** - your chance to meet with prospective employers and learn what influences the selection process.
  - **The National Interview Challenge** - a national job interviewing competition.
  - **Migration Information Seminars** - a range of external migration agents and lawyers are hosted on campus to provide students with migration information and advice.
  - **Careers Fair** - hosted on campus in Semester 1 every year. The CDC team invites local, national and international employers to promote their employment and internship opportunities and meet with Bond students.

The CDC also provides a broad range of Career Development resources:

- **Online Careers and Employment Portal (CareerHub)** - CareerHub provides a diverse range of careers and employment resources and information, including job advertisements, company profiles, events, news, industry and degree-specific information sheets and Frequently Asked Questions.
- **Going Global** - an online resource that provides career information for 24 countries.
- **Vault** - an online subscription-based resource used by over 900 universities worldwide.
- **Job Search Guide** - taking you step-by-step through the career planning and job application process.
- **Bond Portfolio** - the CDC provides all students in their second semester of a full degree program with a leather-bound Bond Portfolio bearing the Bond University crest.

Bond students develop vital employment contacts and business networks by liaising with their professors and through access to the high profile industry, government and political identities who regularly visit the campus as guest lecturers.

## SUPPORT SERVICES

Bond students benefit from the range of support services available on campus, relating to every aspect of study, medical and personal well-being.

Bond values the cultural differences and diversity brought to the campus by its Australian and international students and makes every attempt to ensure they feel welcome. Individual academic counselling is available to all students including those from non-English speaking backgrounds. International students have access to an International Student Support Officer, who can provide advice on compliance with conditions of their student visa and support while settling in.

## SAFETY ON CAMPUS

Student and staff safety is important to Bond University. The University campus is patrolled 24 / 7 by our security officers and monitored by CCTV security cameras. Security officers can be contacted at any hour by phone to assist in an emergency or even just to walk you to your on-campus residence or car after dark.

## MEDICAL SERVICES

The on-campus student and staff Medical Clinic provides general medical treatment, advice and testing, referrals, immunisations and vaccinations. The campus doctor and nurse are available for appointments from Monday to Friday.

## COUNSELLING SERVICES

Qualified Student Counsellors offer a totally confidential on campus counselling service to assist with anything from transitioning or returning to university, to study pressures and personal problems.

## DISABILITY SUPPORT

If you have a disability, illness, injury, mental or health condition that you believe may affect your capacity to complete your studies, exams or assessment tasks, it is important you contact a Disability Officer to discuss strategies and / or academic adjustments that may be required. If you would like to be considered for support, you will need to complete an application form and submit it with recent and comprehensive specialist documentation to the Disability Office before Week 4.

For more information, visit our website [www.bond.edu.au/disability-support](http://www.bond.edu.au/disability-support) or email [disabilitysupport@bond.edu.au](mailto:disabilitysupport@bond.edu.au).

## PASTORAL CARE

Bond University is a non-denominational campus. We do have prayer rooms on campus and our Pastoral Care Services can provide information about local worship centres and different faiths.

In the broader sense of pastoral care, all Bond administrative and academic staff have a strong awareness of and commitment to the duty of care which the University recognises that it has to its students. Staff generally make themselves readily available for consultation and will assist students wherever possible.

## STUDENT LEARNING SUPPORT

This centre is designed to help students improve their academic skills. Free workshops and individual appointments are offered throughout the semester to assist students with understanding assignment questions, organisation, structure and referencing, grammar, presentations and maths. English language help is also available for international students and an English Language Skills Assessment (ELSA) test can be taken for international students to assess their English level. For more information contact [learningsupport@bond.edu.au](mailto:learningsupport@bond.edu.au).

## COMPUTER SUPPORT

Information Services operates a Service Desk to help students needing computer support. The Service Desk supports all University-owned equipment, as well as providing instruction for connection of privately owned equipment to the network.

## COMMERCIAL CENTRE

Your everyday needs are well catered for and easy to access at the on-campus Commercial Centre where you will find ATMs, the University bookshop stocking all required texts, a printing shop, a travel agent and an independent coffee shop.

## ACCOMMODATION OPTIONS

With the variety of accommodation options, there's something to suit most students' preferences, whether you wish to live on campus or off campus.

### ON-CAMPUS ACCOMMODATION

Living on campus adds a whole new dimension to your university experience as you socialise with fellow students from all over the world. Bond offers a variety of accommodation options, all within easy walking distance of lecture theatres, restaurants, sports centre, sporting facilities and faculties.

In addition to the one-on-one academic and personal support available from the live-in team of Senior Resident Fellows, Resident Student Fellows and Tutor Fellows, resident students enjoy a great social life as they mix with classmates at mealtimes and in study sessions. And there's always someone around to talk to in the shared common areas.

Resident students also get to take part in the weekly Res Wars where teams from each residential complex compete in a variety of sporting activities and other traditional university events.

#### Single Room - Private Ensuite

Air conditioned single room with private ensuite facilities.

#### Single Room - Share Facilities

Air conditioned single room with shared bathroom facilities.

#### Single Room - Flat

Single room in a residence flat comprising two or three bedrooms with shared bathroom and limited cooking facilities. All flats are air conditioned.

#### Twin Share Room - Standard

Air conditioned twin room with two single beds and a shared ensuite.

### APPLYING FOR ON-CAMPUS ACCOMMODATION

Accommodation on campus is in high demand so it is best to complete your application for on-campus accommodation as soon as it becomes available. To view rooms online and complete your application for on-campus accommodation, visit [www.myroom.bond.edu.au](http://www.myroom.bond.edu.au).

To assist new students with the transition to university life, on-campus accommodation and dining plan packages are available. Your dining package can be used at the following outlets - Cafe Bond, Papyrus Cafe, Don's and the University Club.

Students are required to vacate rooms over the Christmas period. If you choose to stay in university accommodation during vacation periods, you will be charged a weekly rate (please refer to the website for accommodation costs).

For more details about Bond University on-campus accommodation, please visit our website at [www.bond.edu.au/accommodation](http://www.bond.edu.au/accommodation) or direct your query to Campus Accommodation via email, [student\\_residences@bond.edu.au](mailto:student_residences@bond.edu.au).

### OFF-CAMPUS ACCOMMODATION

There is a wide range of rental accommodation available near the University if you would rather live off campus. The options include houses or apartments on a single or shared basis, with weekly rent varying, depending on size, location and the number of bedrooms. You will also need to budget for a security deposit (bond), food, electricity, internet, water, telephone and cleaning. Off-campus students can utilise the Bond University Dining Services by purchasing a Dining Plan, with increments starting from AUD\$110. For more information, please visit our website at [www.bond.edu.au/accommodation](http://www.bond.edu.au/accommodation).

### GETTING AROUND

The University is within 30 minutes drive of the Gold Coast Airport and one and a half hours from Brisbane International and Domestic Airports. Airport transfers can be booked via [www.myroom.bond.edu.au](http://www.myroom.bond.edu.au) from either airport and be transported to your accommodation. If you are travelling with family, bookings can be made direct via [www.coachtrans.com.au](http://www.coachtrans.com.au). Rail service operates between Robina and Brisbane. Regular bus services operate from the University to the main shopping, residential and tourist areas on the Gold Coast and Brisbane. In addition, there are a number of shops, cafes, restaurants and facilities within walking distance of the campus at Varsity Lakes.

### INVESTING IN YOUR FUTURE

Your university degree is one of the most important investments you will make in your lifetime. As with all investments, you must consider the rate of return of both the short-term career opportunities and your long-term lifetime earnings.

For our high-flying alumni, their Bond University degree has opened the doors to exceptional career opportunities with blue chip employers and global corporations, both here in Australia and around the world. By graduating up to a year earlier, Bond graduates are out in the workplace earning sooner.

This career head-start puts them on the promotional fast-track and many have achieved director, CEO, private practice and partnership status within 10 years of graduating from Bond.

### COMPARATIVE COST OF LIVING

The Gold Coast's lower cost of living represents substantial savings when factored into your educational investment.

### LIVING COSTS

You should allow approximately AUD\$6,000 living costs for each semester that you live on the Gold Coast. This may vary depending on your budget for rent, food, transport, clothing, recreation, books, telephone, electricity and other living expenses. Note this figure has been calculated using shared off-campus accommodation. For more information visit our website at [www.bond.edu.au/accommodation](http://www.bond.edu.au/accommodation).

### BOOKS AND STUDY MATERIALS

The costs for books, stationery, software and other resources tend to be the same at most universities. Allow around AUD\$300 per semester to help off-set this cost, you may choose to sell your old textbooks and buy secondhand at the Bond Book Sale held during Orientation Week before the start of each semester.

#### **STUDENT ACTIVITIES MEMBERSHIP (OPTIONAL)**

This membership provides students with access to all of our sporting facilities and clubs and is currently AUD\$110 per semester.

The Student Activities Membership fee is used solely to support student events and activities. Payment of this membership gives you access to:

#### **Bond University Sports Centre**

- Access to all group exercise classes
- Access to Sports Centre facilities and sports equipment hire
- Discounted prices on massage services
- Discounted prices on personal training packages

#### **Bond University Students Association (BUSA)**

- Discounted or waived sports coaching fees
- Discounted or waived ticket prices for BUSA events
- Discounts and special offers from local businesses
- Eligibility for membership of University sporting clubs
- Financial support for teams and individuals travelling to university sports championships and university games
- Membership of BUSA
- Postgraduate student functions
- Representation on academic and administrative issues
- Support for the creation of new sporting clubs and events

#### **Clubs, Societies and Faculty Student Associations**

Bond has a real community feel and a vibrant student social life. From sporting, social and special interest clubs, as well as a full calendar of events and gatherings, there's so much to enjoy. Students can sign up to over 70 student clubs at Club Sign On Day, held the first Friday of each semester. Below are a few examples of clubs and activities that students can join:

- Canadian Law Students' Association
- Clocktower Magazine (Journalism Students' Association)
- Club 20 (Law Students' Association)
- Empire and Palaver (Business Students' Association)

- Free law tutoring (Business, Law and Humanities Students' Association)
- International student events (Diwali and Chinese New Year celebrations)
- Muslim Students' Association
- Theatrical productions (Drama Society)

#### **ACCOMMODATION**

If you are not living with friends or family, you will need to budget for on-campus or off-campus accommodation (refer to page 86). To find out more about on-campus accommodation and the most up to date costs, visit [www.bond.edu.au/accommodation](http://www.bond.edu.au/accommodation).

Free internet and a weekly cleaning and linen service is included with on-campus accommodation.

#### **PARKING FEES**

There is no charge for parking at Bond University.

#### **FINANCING YOUR DEGREE**

##### **Special Assistance**

Special reductions in tuition fees are made for students where an immediate family member is also studying at Bond or has graduated from Bond (conditions apply). For further information please visit [www.bond.edu.au/loyalty-discounts](http://www.bond.edu.au/loyalty-discounts).

##### **International Assistance**

Bond University has developed significant relationships with a number of international government agencies which provides international students looking to study at Bond University with the opportunity to apply for financial support and scholarships. For information on country specific financial assistance please contact us or your in-country representative or visit [www.bond.edu.au/financing-your-study](http://www.bond.edu.au/financing-your-study).

**HEALTH COVER**

Overseas Student Health Cover (OSHC) is an Australian Government requirement for all international students and their dependents, and needs to be paid prior to visa issue. OSHC Worldcare is the preferred provider for international students at Bond University. They offer excellent incentives if you purchase cover for the length of your student visa, such as discounts and protection against future rate rises. Please note that the Australian Government requires students to be covered for the length of the visa.

OSHC assists towards the costs of fees for doctors, surgery, shared hospital ward accommodation, emergency ambulance transport and some other medical services. You can opt to pay a higher level of private medical health insurance. This will give you extra cover for the cost of services such as optical treatment, physiotherapy and private hospital treatment with a doctor of your choice.

In some circumstances, Norwegian, Swedish and Belgium students are exempt from OSHC. Please check with your local representatives.

**OVERSEAS STUDENT HEALTH COVER (OSHC)**

	<b>SINGLE</b>	<b>FAMILY</b>
Up to 3 months	AUD\$99	AUD\$248
Up to 6 months	AUD\$197	AUD\$495
Up to 9 months	AUD\$296	AUD\$743
Up to 12 months	AUD\$395	AUD\$990

\*Charges current at time of printing (August 2011).

**PART - TIME WORK**

Australian Government regulations permit international students to work up to 20 hours a week, and full-time during semester breaks. Please note you cannot commence work until you commence your degree program in Australia. As work can't be guaranteed, it should be viewed as a supplementary source of funds only and not relied on to cover tuition or living costs.

## SCHOLARSHIPS

### AUSTRALIAN GOVERNMENT SCHOLARSHIPS

The Australian Government offers a number of scholarships to increase access to and the quality of education and training for people in partner countries.

The scholarships offered include:

- Australian Leadership Awards Scholarships (managed by AusAid)
- Department of Education, Employment and Workplace Relations Endeavour Awards Scholarships (managed by DEEWR)
- Australian Partnership Scholarships (managed by AusAid)
- Australian Development Scholarships (managed by AusAid)

For further information on these external opportunities, please visit the respective organisations' websites, [www.ausaid.gov.au](http://www.ausaid.gov.au) or [www.deewr.gov.au](http://www.deewr.gov.au).

### BOND UNIVERSITY SCHOLARSHIPS

Bond University supports outstanding students through scholarships and other awards. Our Scholarship Program is one of the key ways we identify future leaders. Students who demonstrate outstanding academic ability, community involvement and well-developed communication skills are encouraged to apply for the Scholarship Program.

Bond offers a number of scholarships for international students including:

- Deans' Scholarships
- International Student Scholarships
- Living-Expense Bursaries

For further information on the selection criteria and conditions of our various scholarships, contact your International Regional Manager or visit our website at [www.bond.edu.au/scholarships/international-applicants](http://www.bond.edu.au/scholarships/international-applicants).

## APPLICATION AND ENTRY

Bond University is proud of its Australian character and international perspective. International students receive a warm welcome into the culturally diverse Bond family. An international student is someone who is not an Australian or New Zealand citizen, nor a migrant holding a visa giving permanent resident status in Australia.

### ACADEMIC ENTRY REQUIREMENTS

Assessment is based on a number of factors, including your secondary school qualifications in another country or in Australia. Relevant work experience may be considered in the case of mature-age students. The table on page 95 lists a range of international qualifications recognised by the University. If your country is not listed here, or if you are uncertain whether your qualifications satisfy university standards, please contact your local Bond University representative or the Office of Admissions.

### ENGLISH LANGUAGE REQUIREMENTS

All Bond University courses are conducted in English. As such, international students from a non-English speaking background must meet the University's English language requirements. These requirements differ from course to course. See the table on page 97 for degree specific details. If you do not meet the language requirements for your chosen degree, see the Pathways into Bond University section on page 98 for alternative options.

### CREDIT FOR PREVIOUS STUDY

Students with tertiary, post-secondary or professional qualifications may be eligible for credit towards your Bond University program. To apply for credits for subjects or a completed qualification, please complete the credit section of the Application for International Undergraduate Admission form and include all required supporting documentation. Please contact the Office of Admissions for further information.

## LODGING YOUR APPLICATION

All international students, including those already undertaking Grade 12 in Australia, should lodge an application directly with the University by completing an application at [www.bond.edu.au/apply](http://www.bond.edu.au/apply) or from your local representative.

Please note there is no application fee for Bond University. Applications should be accompanied by certified / notarised copies of supporting documentation as well as official translations if applicable. Evidence of English language proficiency is required if English is not your first language. Documents should be sent to arrive no later than one month prior to the commencement of the relevant semester. However, it is recommended that they be sent at least three months before your starting date to ensure visa formalities are in place before arriving. Applicants who do not provide all documentation may experience delays in processing.

### ENROLMENT PROCEDURES

Successful applicants will receive a formal Letter of Offer, accompanied by a Response to Offer form and information on fee payments, accommodation and health insurance.

To accept your place, return the Response to Offer form and your payment (in Australian dollars) for your first semester's tuition fees\* and your Overseas Student Health Cover (OSHC) payment to the Office of Admissions.

You will then be sent all relevant enrolment information, along with details on registering for classes and activities during Orientation Week.

### DEFERMENT

Once you have been made an offer, you can apply to postpone the commencement of your first year of studies by:

- Selecting the deferment option on your Bond University Response to Offer form
- Returning the form with your tuition deposit to the Office of Admissions as soon as possible.

Please note that deferment of scholarships will only be granted in certain circumstances, such as illness, family bereavement or essential overseas travel. Students seeking deferment of scholarships should send a letter stating the reasons for seeking deferment, with supporting documentation, to the Office of Admissions.

### ESSENTIAL CONTACTS

Office of Admissions  
Bond University Qld 4229  
Phone: +61 7 5595 1024  
Fax: +61 7 5595 1015  
Email: [international@bond.edu.au](mailto:international@bond.edu.au)  
Website: [www.bond.edu.au](http://www.bond.edu.au)

### International Representatives

For a list of Bond University representatives in your country, please go to [www.bond.edu.au/contact/international](http://www.bond.edu.au/contact/international).

\*Some students from countries where government loans / aid / grants are issued are not required to pay the full semester amount. Please contact Bond to discuss by email [international@bond.edu.au](mailto:international@bond.edu.au).

## INTERNATIONAL UNDERGRADUATE ENTRY REQUIREMENTS BY COUNTRY

Please note that all the faculty entry requirements are the same except for the GCE A-Levels, the International Baccalaureate and the qualifications from Canada and the United States of America.

COUNTRY	CURRENT UNDERGRADUATE ENTRY QUALIFICATION SCORES
<b>General Certificate of Education Advanced Levels (A-Levels)</b>	A minimum of two and a maximum of three (the best three) are used for entry. Faculty of Law minimum of 10 points. All other faculties and the Institute of Sustainable Development & Architecture a minimum of 5.5 points. Points system: A = 5, B = 4, C = 3, D = 2, E = 1.
AUSTRALIA	Grade 12 or equivalent (in other Australian states).
BRUNEI DARUSSALAM	GCE A Levels (as per GCE requirements).
CANADA	Faculty of Law: Provincial High School Diploma - best of 6 OAC or 12U/C subjects (minimum 70% average). All other faculties and the Institute of Sustainable Development & Architecture: Provincial High School Diploma - best of 6 OAC or 12U/C subjects (minimum 65% average).
CHINA	<ol style="list-style-type: none"> <li>1. Successful completion of senior secondary school from a selected high school - 65% average required.</li> <li>2. Successful completion of senior secondary school in high school, not on selected list - 80% average required.</li> <li>3. Successful completion of first year in a recognised university, after senior secondary school (Grade 12).</li> <li>4. Completion of Unilearn Foundation Program (Level IV Advanced), after Yr 11. Grade of 5 required (60% - 70%).</li> <li>5. Completion of International Foundation Year (IFY) at Shenzhen International Foundation College, CREDIT grade required (65% - 74%) across all modules.</li> </ol>
DENMARK	Senior High School (Studentereksamen) with average grade 8.0 on 13 point scale.
FIJI	Fiji Seventh form - 70% average in the best four subjects.
FINLAND	School Leaving Certificate (Lukionpaastotodistus) - overall score of 8 and Matriculation Exam (Ylioppilastutkinto) - grade of C (Cum Laude Approbatur).

ACT score of at least 24. For the Bachelors of Laws: Completed High School Diploma plus SAT I: Critical Reading, SAT I: Mathematics and SAT I: Writing with a composite score of at least 2040. ACT score of at least 31.
ZIMBABWE	GCE A Levels (as per GCE requirements).

## ENGLISH LANGUAGE REQUIREMENTS FOR INTERNATIONAL STUDENTS

These regulations are cited as per the University's Admissions regulations for English Language. Unless otherwise exempt by the Admissions Officers, all international applicants must provide formal documentary evidence of English proficiency or evidence of successful completion of studies where English is the language of instruction. This document is to be read in conjunction with the University academic entry requirements.

IF ENGLISH LANGUAGE PROFICIENCY LEVEL IS:	STUDENTS MAY ENTER:
<p>IELTS score = 7.0 (No band score less than 6.5) TOEFL score 627 (TWE 5#); [CBT 263, Essay 5.0; iBT 108 min. all sections 26]</p>	<p>Direct entry to Bachelor of Social Science (Psyc), Bachelor of Social Science (Psyc) with Honours, Bachelor of Counselling, Bachelor of Behaviour Management, Bachelor of Business Law, Bachelor of Jurisprudence and Juris Doctor*.</p>
<p>IELTS score = 7.0 (No band score less than 6.0) TOEFL score 627 (TWE 5#); [CBT 263, Essay 5.0; iBT 108 min. all sections 26]</p>	<p>Direct entry to Biomedical Science, Exercise Science, Forensic Science and Sports Science.</p>
<p>IELTS score = 6.5 (Writing 6.5, Reading 6.0, Speaking 6.0, Listening 6.0) TOEFL score 570 (TWE 5#); [CBT 230, Essay 5.0; iBT 89 min. all sections 22, writing = 23]</p>	<p>Direct entry to undergraduate programs in the Faculty of Humanities &amp; Social Sciences (excluding individual programs listed above)</p>
<p>IELTS score = 6.5 (No band score less than 6.0) TOEFL score 570 (TWE 5#); [CBT 230, Essay 5.0; iBT 89 min. all sections 20, writing = 22]</p>	<p>Direct entry to undergraduate programs in the Faculty of Business, Faculty of Health Sciences &amp; Medicine and the Institute of Sustainable Development &amp; Architecture (excluding individual programs listed above). Conditional entry to undergraduate programs in the Faculty of Humanities &amp; Social Sciences and Faculty of Law undertaking specified English language subjects in addition to degree (excluding individual programs listed above).</p>
<p>IELTS score = 6.0 (No band score less than 6.0) TOEFL score 550 (TWE 5#); [CBT 213, Essay 5.0; iBT 79 min. all sections 17 and writing 20]</p>	<p>Conditional entry to undergraduate programs in the Faculty of Business and the Institute of Sustainable Development &amp; Architecture undertaking specified English language subjects in addition to degree (excluding individual programs listed above).</p>
<p>IELTS score = 5.5 (No band score less than 5.0) TOEFL score 530 (TWE 4#); [CBT 197, Essay 4.0; iBT 71]</p>	<p>Direct entry to Diploma in University English Studies and Bachelor of Arts (English as an International Language) programs.</p>
<p>English test result below requirements set above.</p>	<p>Bond University English Language Institute (BUELI).</p>

\*The Juris Doctor (JD) is assessed against the undergraduate entry requirements for the purposes of English Language evidence only.

\*\*The TWE component is not offered at every testing session. Applicants who have not sat the TWE, or who achieved a score of less than five, must enrol in Academic Writing Skills in their first semester at Bond. IELTS / TOEFL results are to have been conducted no more than 24 months before the day on which the degree application was made.

**Please note:** In the interests of ensuring students' academic competency, students admitted under any of the above, who are having academic difficulties due to English language, may be asked to undertake an English language test at the discretion of the faculty or Institute of enrolment. Students from some countries are not required to provide IELTS / TOEFL test. Contact your International Regional Manager for more information. These entry requirements are correct as of April 2011 and are subject to change. These are presented as a guide only and Bond University reserves the right to make the final decision regarding admission to the University.

## PATHWAYS INTO BOND UNIVERSITY

For those who do not meet the stated academic and English language requirements for direct entry into an undergraduate degree program, Bond University offers alternative pathways.

### BOND COLLEGE

#### Bond College Foundation Program

CRICOS 063151G

Bond College provides a pathway for Australian and international students to meet the academic entry requirements for Bond University. Entry is open to students who have completed Year 11 or equivalent. The 28-week Foundation Program focuses specifically on the core academic skills required for entry into undergraduate degree programs at Bond University.

Located on the University campus, Bond College gives students a taste of university life and full access to all facilities, as they gain a head-start on their tertiary studies. With intakes in January, May and September each year, students can commence study as soon as possible after receiving end-of-school results.

### BOND UNIVERSITY ENGLISH LANGUAGE INSTITUTE

International students can improve their English language skills by enrolling in the various ELICOS programs available on campus at the Bond University English Language Institute (BUELI).

In addition to enjoying access to all the University facilities and activities, students benefit from learning in small classes with individual attention provided by our highly

qualified teachers, many of whom have international experience. Students may choose from the following courses, all of which are geared to real-life tasks and specific outcomes.

#### General English

CRICOS 065668G

Speaking, listening, reading, writing, grammar from elementary to advanced levels.

#### English for Academic Purposes

CRICOS 066082C

English language, academic and study skills appropriate for Australian tertiary education needs. The program incorporates preparation for IELTS, enabling students to meet the criteria for direct entry to selected undergraduate degrees (see flowchart below for specific details).

#### Cambridge FCE (First Certificate in English)

CRICOS 066083B

Preparation for FCE, with examinations held in Queensland each March, June, August and December.

#### Business English

CRICOS 065669F

Designed to improve Business English skills to ensure effective communication in the business environment in reading, writing, listening and speaking.

#### Study Tour Groups

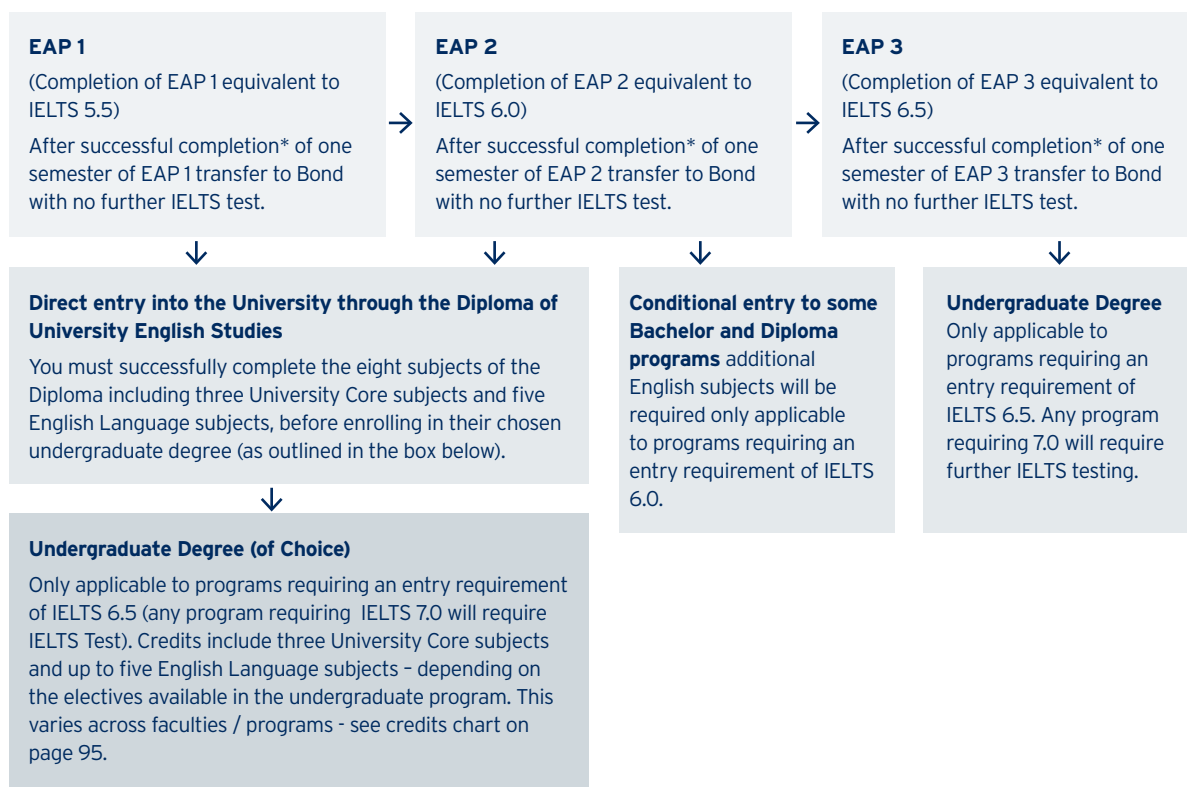

Provides tailored English study combined with holiday activities.

## PATHWAY TO BOND UNIVERSITY VIA BOND COLLEGE FOUNDATION PROGRAM

### International Students

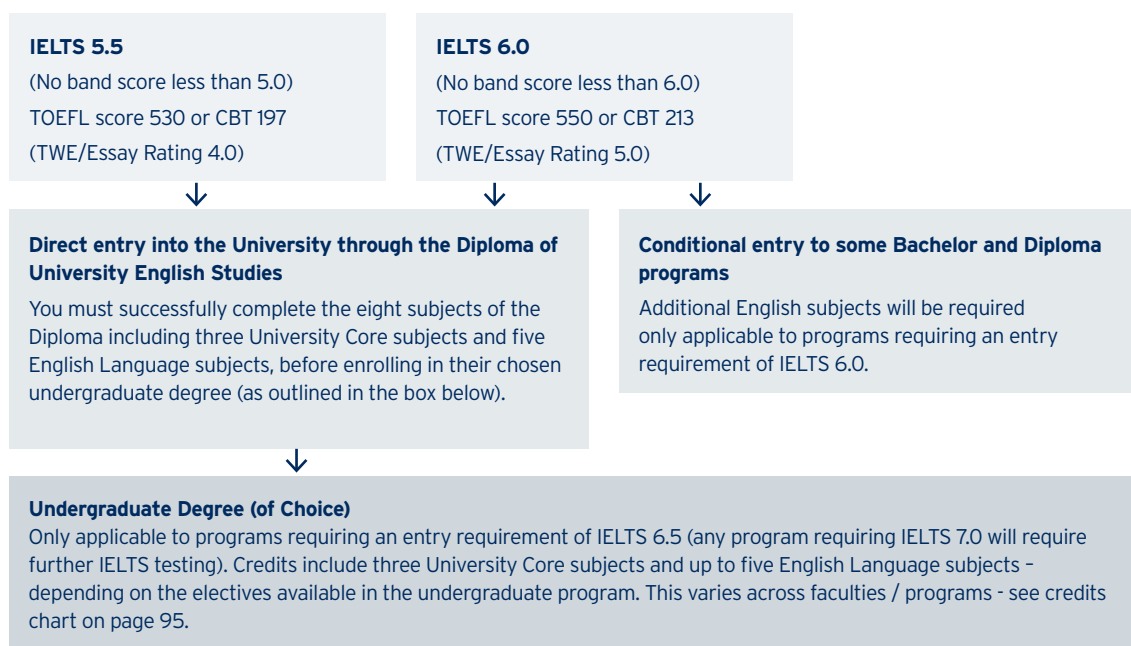

## PATHWAY TO BOND THROUGH BUELI'S ENGLISH FOR ACADEMIC PURPOSES (EAP)

\*Students must complete all course requirements, including assignments, classwork, homework projects and assessment as well as passing end of semester exam.

## PATHWAY TO BOND UNIVERSITY WITH INTERNATIONAL ENGLISH LANGUAGE TESTING SYSTEM (IELTS) SCORE

## UNDERGRADUATE DIPLOMA IN UNIVERSITY ENGLISH STUDIES

CRISCOS 072149E

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

In addition to general university entry requirements, the English Language requirement is IELTS 5.5 with no band score less than IELTS 5.0.

### PROGRAM DESCRIPTION

This program is a university pathway program for students from non-English speaking backgrounds. Students will enter the Diploma in University English Studies and after successfully completing two semesters (three University Core subjects and five English Language subjects) will be able to enrol in their chosen undergraduate degree. Successful completion of the two semesters leads to the award of a Diploma in University English Studies. The two semesters of study will provide students with advanced level English language on a for credit basis before entering the program of their choice.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

- Communication Skills
- Cultural and Ethical Values
- Knowledge and Society

#### English Subjects (5)

- Academic Speaking and Listening 1
- Academic Speaking and Listening 2
- English as an International Language 1A
- English as an International Language 1B
- English as an International Language 2

On successful completion of these subjects (with no further IELTS\*) students can:

- Graduate with a Diploma in University English Studies
- Apply for transfer to another degree program within Business, Sustainable Development and Architecture, Humanities and Social Sciences, Health Sciences or Law.

\*With the exception of those programs requiring IELTS 7.0.

## BACHELOR OF ARTS (ENGLISH AS AN INTERNATIONAL LANGUAGE)

CRICOS 063053K

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

In addition to general university entry requirements, the English Language requirement is IELTS 5.5 with no band score less than IELTS 5.0.

### PROGRAM DESCRIPTION

This program is a university pathway program for students from non-English speaking backgrounds. Successful completion of two semesters leads to the award of Diploma in University English studies. The two semesters will provide students with advanced level English language.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

- Communication Skills
- Cultural and Ethical Values
- Knowledge and Society

#### English Subjects (5)

- See structure of Diploma in University English Studies

Upon successful completion of these subjects (with no further IELTS\*) students may:

- Graduate with a Diploma in University English Studies
- Continue with the Bachelor of Arts (EIL) which will require completion of a further 16 subjects.

#### University Core Subject (1)

- Entrepreneurship OR Strategic Management

#### English Language Subject (1)

- One English Language subject in the Faculty of Humanities & Social Sciences

#### Major (6)

- Select one specialist major of six subjects drawn from the Humanities and Social Sciences list of undergraduate subjects

#### Electives (8)

Eight subjects of which at least four must come from the Humanities and Social Sciences list of undergraduate subjects.

#### PROFESSIONAL OUTCOMES

This course of study will provide students with the opportunity to raise their English Language level during rather than prior to tertiary study. Combined with the Bachelor of Arts, students will be able to select combinations of subject areas and particular subjects which will best suit their interests and aspirations.

\*With the exception of those programs requiring IELTS 7.0.
